

# BEHAVIORAL HEALTH HOME

[www.behavioralcrossroads.com/bhh](http://www.behavioralcrossroads.com/bhh)

## THE BHH PROGRAM

The Behavioral Health Home (BHH) program is a community-based care coordination program whose primary focus is to improve the health and wellness of individuals who are identified as high risk due to their psychiatric illness. The program is designed to improve the quality of treatment, to improve the cost effectiveness of treatment, to reduce hospitalizations and trips to the emergency room and overall lead to improved health outcomes.

## HEALTH & WELLNESS

The BHH team focuses on whole health and wellness. They can assist you with locating care, navigating the health care system, linking you with services, and coordinating your overall needs.

## WHO IS ELIGIBLE

BHH is for adults (18+) who have a qualifying mental health condition, who live in Atlantic County, and who are enrolled in NJ Medicaid insurance. Qualifying mental health conditions include, but are not limited to:

- Bipolar Disorder
- Schizophrenia Disorders
