

First Responders Recovery Programs

YOU ARE NOT ALONE!

Don't go another day battling your addiction — we have the drug addiction program you need!

**Confidential Treatment Program
for NJ's First Responders from NJ's
Premier Alcohol and Drug rehab.**

Every week, first responders throw themselves into dangerous situations unknown to the general population. They can develop post-traumatic stress disorder (PTSD) and substance abuse issues gradually or immediately after seeing a traumatic event. People in this profession need specialized care, support and recovery programs.

Greenbranch Recovery offers Intensive Outpatient Programs - Closed Group for first responders struggling with Substance Use Disorder and Mental Health Challenges.
