We, the undersigned, hereby make application to Crawford County for permission to apply a chloride-based solution for dust suppression in the described location. The Applicant agrees to the following:

1. **DEADLINE FOR SIGN-UP IS April 28th.** In order for the county to have sufficient time to prepare the roads before the first application. **Applications received after the deadline will be subject to a $25.00 late fee.**
2. **FLAGS MUST BE IN PLACE BY APRIL 28 TH AND KEPT VISIBLE UNTIL OCTOBER 1ST. Using Jerico flags will serve to visually remind the blade operator as to the location of the treated area. Neither the county nor Jerico Services assumes any liability if your flags are not in place. If your flags are not in place when we come to apply your dust suppression, we will center the application on your house.**
3. I understand that Crawford County may blade, scarify, or shape the treated area after an application if the county deems such work is necessary for public safety, in which case it will be performed without notice or compensation to the applicant. In the event of rain, the county also reserves the right to do light blading on the treated area. To blade with proper moisture does not detract from the product's ability to suppress dust. The treated area will be thoroughly bladed after October 1st in preparation for winter.
4. Chloride based solutions are a very effective dust suppression product; however, Jerico Services does not guarantee the performance of the product due to factors such as weather, surface preparation or heavy traffic patterns.

I have read the terms of this permit and I am in agreement with them.
