	<u>Flags may be picked up at:</u> Hardin County Engineer's Office 708 16 th Street, Eldora

Check here if you have indicated any special instructions on the back.

We, the undersigned, hereby make application to Hardin County for permission to apply dust suppression in the described location. The Applicant agrees to the following:

1. **DEADLINE FOR SIGN-UP IS APRIL 28th - Applications received after that date will be assessed a late fee of \$25.00.**
2. **Flags must be in place by April 28th and kept visible until mid-October.** Using the four county furnished flags to identify the outer limits of the area to be treated will serve to visually remind the blade operator as to the location of the treated area. Failure to identify the treated area may result in your dust suppression being bladed through. Neither the county nor Jerico Services assumes any liability if your flags are not in place. If your spot is not marked when we come to apply your dust suppression, we will center your application on your home.
3. The county reserves the right to blade the treated area if it is deemed necessary for public safety. The county may do light blading of the road prior to the second application if deemed necessary. The owner shall maintain the treated area and repair any roughness that may develop. In the event of rain, the county also reserves the right to do light blading on treated areas for public safety. **Your road will be thoroughly bladed after mid-October in preparation for winter**
4. Jerico Services does not guarantee the performance of the product due to factors such as weather, surface preparation or heavy traffic patterns. This permit is for **two** applications only.

I have read the terms of this application and the county permit and I am in agreement with them.

Engineer's Office

2021 ROAD CHEMICAL PERMIT APPLICATION

Owner: _____ Phone Number: _____

Street: _____ Town: _____ Zip Code: _____

Location: A _____ foot length of road in front of a residence in:

Section _____, Twp _____, Range _____

Township: _____

Material To Be Used: Liquidow™ Calcium Chloride

Contractor Name: Jerico Services

CONDITIONS OF PERMIT

The application and maintenance of chemicals to control dust on crushed rock surfaced roads shall be by permit only and in accordance with the following conditions:

1. Road chemicals may be applied by the owner or an approved contractor for owner.
2. The only materials approved for use on the roads are calcium chloride, magnesium chloride, and lignin sulfonate. Used motor oil is not allowed per EPA.
3. The owner shall maintain the treated area and repair any roughness that may develop.
4. The County reserves the right to rework the treated areas and maintain them as loose granular surfaces, without notice to the owner, if the owner fails to maintain the area in a condition acceptable to the County, and at no cost to the County.
5. On or about mid-October dust control locations will be bladed through in preparation for winter weather.

Signature of the Owner or Agent:
