Union County Engineer's Office
1701 Commerce Road, Creston

☐ ***Check here if you have indicated any special instructions on the back.***

We, the undersigned, hereby make application to Union County for permission to apply **LIQUIDOW™ Calcium Chloride** for the purpose of dust suppression in the described location. The Applicant agrees to the following:

1. To maintain flags identifying the outer limits of the area to be treated with dust suppression. **Flags must be in place by April 23rd and kept visible until October 1st.** Flags will serve to visually remind the blade operator as to the location of the treated area. Failure to identify the treated area may result in your dust control being bladed through. Neither the county nor Jerico Services assumes any liability if your flags are not in place.
2. The county reserves the right to blade the treated area if it is deemed necessary for public safety. In the event of rain, the county also reserves the right to do light blading on treated areas for public safety. **Your road will be thoroughly bladed after October 1st in preparation for winter.**
3. Please mark both ends of your spot.
4. This agreement is limited to **two** treatments only.
5. Jerico Services does not guarantee the performance of the product due to factors such as weather, surface preparation or heavy traffic patterns. We value your business and look forward to serving you with the best dust suppression you can purchase.

I have read the terms of this permit and I am in agreement with them.
