- To maintain flags identifying the outer limits of the area to be treated with dust suppression. **Flags must be in place by May 7th and kept visible until October 1st.** Using flags or markers will serve to visually remind the blade operator as to the location of the treated area. If your flags are not in place when we come to make your application, we will center your dust suppression on your house.
- In the event of rain, the county also reserves the right to do light blading on treated areas for public safety. **Your road will be thoroughly bladed after October 2nd in preparation for winter.**
- This agreement is limited to **two** treatments only.
