I, the undersigned do hereby request Jerico Services to make **two applications** of LIQUIDOW™ Calcium Chloride for the purpose of dust suppression in the described location with the permission of the Jasper County Highway Department.

The applicant agrees to the following:

1. **DEADLINE FOR SIGN-UP IS May 2<sup>nd</sup>.** Application **MUST** be received by this date to be on the list for the first application. **Late applications will be added to the list for second treatment only.**
2. To place and maintain Jerico Services flags identifying the outer limits of the area to be treated with Calcium Chloride. **Flags must be in place by May 9<sup>th</sup> and kept visible until October 1<sup>st</sup>.** Flags not only identify for our drivers specifically where the treatment should be applied, they also serve as a visual reminder for the blade operator of treated area. Failure to identify the treated area may result in your dust control being bladed through. Neither the county nor Jerico Services assumes any liability if your flags are not in place and visible.
3. Jasper County reserves the right to blade through any area that is **no longer marked** or has become rough or potholed in order to maintain the integrity of the road surface. **Jasper County is not obligated to provide re-application or any compensation for dust control areas that are scarified or bladed.**
4. Any questions regarding the product performance should be directed to Jerico Services.
5. **LIQUIDOW™ Calcium Chloride** is a very effective dust suppression product; however, Jerico Services does not guarantee the performance of the product due to factors such as weather, surface preparation or heavy traffic patterns.

I have read and agree to the terms of this application.
