I, the undersigned, hereby make application to Marshall County for permission to apply **two** applications of **LIQUIDOW**<sup>TM</sup> **Calcium Chloride** for the purpose of dust suppression in the described location.

The Applicant agrees to the following:

- 1. **DEADLINE FOR SIGN-UP IS MARCH 31st.** Applications **MUST** be received by this date in order to be on the list for the first application. **Late applications will be added to the list for second treatment only.**
- 2. To maintain Jerico Services flags identifying the outer limits of the area to be treated with calcium chloride. Flags must be in place by MAY 1<sup>st</sup> and kept visible until October 1<sup>st</sup>. Flags not only identify for our drivers specifically where you want the treatment, they also serve as a reminder for the blade operator of the treated area. Failure to identify the treated area may result in your dust control being bladed through. Your road will be bladed after October 1<sup>st</sup> in preparation for winter.
- 3. Measuring of the application area is the responsibility of the applicant.
- 4. **LIQUIDOW**<sup>TM</sup> **Calcium Chloride** is a very effective dust suppression product, however Jerico Services does not guarantee the performance of the product due to factors such as weather, surface preparation or heavy traffic patterns.
