♦ Ft Dodge:            1950 225th Street  
♦ Badger:              1195 Samson Ave

Check here if you have indicated special instructions on the back of this application.

I, the undersigned, hereby make application to Webster County for permission to apply **two** applications of **LIQUIDOW™ Calcium Chloride** for the purpose of dust suppression in the described location.

The Applicant agrees to the following:

1. **DEADLINE FOR SIGN-UP IS April 24th.** The county assesses a \$25.00 late fee for applications received after April 24th. Any applications received after **May 12th** will be added to the list for **second treatment only**.
2. To maintain Jerico Services flags identifying the outer limits of the area to be treated with calcium chloride. **Flags must be in place by MAY 12th and kept visible until October 1st.** Flags not only identify for our drivers specifically where you want the treatment, they also serve as a reminder for the blade operator of the treated area. Failure to identify the treated area may result in your dust control being bladed through. Your road will be bladed after October 1st in preparation for winter.
3. Our trucks are equipped with mechanics to allow us to spray the exact footage ordered. Flags set longer/shorter than paid will result in treatment short of, or longer than the flagged area.
4. **LIQUIDOW™ Calcium Chloride** is a very effective dust suppression product, however Jerico Services does not guarantee the performance of the product due to factors such as weather, surface preparation or heavy traffic patterns.

I have read and agree with the terms of this application.
