Garden City Police Department Conducts Special Traffic Enforcement During September Back-to-School Period

Garden City, NY — The Garden City Police Department conducted a special traffic enforcement initiative throughout September as part of its ongoing commitment to roadway safety during the back-to-school period. During the September enforcement initiative, Garden City Police officers worked **25 six-hour enforcement shifts, totaling 150 hours, over 21 separate dates**. Officers issued **216 traffic tickets**, including **183 speeding violations**.

The enforcement effort resulted in an average of:

- **8.64 tickets issued per enforcement shift**
- **1.44 tickets issued per hour**
- **1.22 speeding tickets issued per hour**

The initiative focused on promoting safe driving practices and increasing compliance with traffic laws during a period when motorists, school buses, pedestrians, bicyclists, and students are sharing the roadways in greater numbers.

The Garden City Police Department is particularly proud of the dedication its officers demonstrated throughout the enforcement period. Their presence on the roadways served not only to identify violations, but also to reinforce the importance of slowing down, staying attentive, and exercising caution in areas where children and families travel to and from school.

According to the New York State Governor's Traffic Safety Committee (GTSC), an enforcement initiative averaging at least one traffic ticket per hour is considered a successful enforcement effort. Garden City officers exceeded that benchmark, averaging **1.44 tickets per hour** during the September initiative.

Commissioner Gerard Kneisel commended the officers who participated in the initiative for their continued commitment to traffic safety and to protecting the Garden City community. "Our officers worked diligently throughout the back-to-school period to help ensure that our roadways remained safe for students, families, pedestrians, and motorists," said Commissioner Kneisel. "This enforcement effort demonstrates our Department's continued commitment to traffic safety and to holding motorists accountable when they put themselves or others at risk."

The Garden City Police Department reminds all motorists that traffic safety is a shared responsibility. Drivers are urged to **slow down, stay alert, obey posted speed limits, eliminate distractions, and use extra caution around school buses, crosswalks, pedestrians, and bicyclists.**

The Department thanks the officers who participated in the September initiative for their professionalism and dedication to keeping Garden City's roadways safe.
