To: Honorable Mayor and Board of Trustees
From: Kenneth O. Jackson, Chairman
           Board of Police Commissioners
Regarding: **Police Department Annual Report**

Submitted for your review, is the Police Department's Annual Report for the year 2013. The achievements, contributions and sacrifices made by the sworn and non-sworn personnel in providing exemplary service to the community are reported herein. The members of the Garden City Police Department, through their dedication to duty, have earned a reputation among their peers and the community as a highly professional service oriented police agency.

The administration continues to hear the concerns of the community by containing costs while continuing to provide exemplary service. Though time lost due to injury and illness was up 36.4%, expended overtime hours rose only slightly. The administration continues to innovate in response to the fiscal climate notwithstanding unexpected challenges in staffing. While sparing no effort to contain costs, the Department continues to resist the temptation to become a reactionary force that merely responds to events as they occur. The Department remains proactive in providing service and protection to the community and emphasizes omnipresence and preventative patrol.

It is the Department's belief that a policy of constant and consistent traffic enforcement is directly responsible for deterring criminal activity within the Village boundaries. To that end, in addition to routine traffic law enforcement, the Department regularly conducts commercial vehicle safety inspections, aggressive driving operations, and seat belt checkpoints throughout the Village. In 2013, 10,470 traffic tickets were issued.

While conducting commercial vehicle inspections, officers must be ever mindful of the dangers involved in dealing with the many hazardous materials being transported and the inherent dangers with larger and heavier vehicles. Trucks that are found unsafe are taken "out of service" and are required to be towed or repaired. In the

post 9/11 environment, officers must be even more cautious and vigilant and remain on the lookout for terrorist related cargos and activities. In 2013, 385 trucks were inspected and a total of 2,322 tickets were issued as a result. 183 trucks were taken out of service. One hundred forty-eight vehicles were found to be overweight. Thirty-three were cited for hazardous material related violations.

Continued support of the STOP D.W.I. program resulted in 68 intoxicated drivers being removed from the highway. It is impossible to know how many lives were saved as a result of this program.

The Department is one of the few on Long Island that conducts a program designed to educate parents, grandparents or guardians in the proper installation and use of child restraints in vehicles to help insure the safety of youngsters while passengers. This past year the Department assisted parents and relatives with 47 installations.

The Department's parking enforcement program contributes to an image of omnipresence, a sense of order and helps increase pedestrian safety. In addition to the police officers on patrol issuing parking tickets, uniformed civilian police aides in conspicuously marked vehicles patrol the many crowded parking fields within the Village. 14,621 parking tickets were issued in 2013. Eighteen vehicles were impounded for failing to answer parking tickets or pay fines.

Enforcement of the Village Code is an important component in the Police Department's effort to keep the peace and maintain the quality of life in the Village. In 2013, ninety-three appearance tickets were issued for violations of the Village Code.

In terms of general police service, the Department documented 10,823 incidents. 921 were administrative. 9,902 were police initiated activity or calls for service. These included 1,214 calls to assist the injured, the sick, and others who were in need because of physical or mental disabilities and 1,293 auto accidents with an additional 412 persons in need of medical attention.

As we go forward, the Department will continue to incorporate technical advances that provide the ability to improve officer safety, enhance our community based and people oriented philosophy, while operating within authorized budget parameters.

I wish to take this opportunity to express my appreciation for the cooperation and assistance extended by the other Village Departments and numerous other outside agencies. I would also like to express sincere appreciation to the Mayor, Board of Trustees, Board of Police Commissioners, and the Village Administrator for their continued encouragement, cooperation, and support. The Garden City Police Department is dedicated to providing the community with the outstanding police service to which it has become accustomed.

Sincerely,

Kenneth O. Jackson
Police Commissioner
