December 5, 2024 - Holiday Dinner at Tony's Open Kitchen by Scotto

## Gourmet

Even though the night was chilly, the atmosphere was warm and inviting at First Wok for our Chinese New Year dinner. The food was plentiful and the conversation lively. Our meeting host, Annabelle even had lovely sets of chopsticks for each of us to take home and practice with. Thank you Annabelle!

2025 is the Year of the Wood Snake.

The snake is said to symbolize wisdom, elegance, and transformation, and is associated with personal growth, rebirth, and intuition. The element of wood is said to foster balance, growth, and connection with nature.
