

GOURMET

Hostess: Louise Palagyi. Eleven members and one guest met and donated hats, gloves, scarves, snack packs and money as our way of welcoming new residents to Wagner House, a collaboration between Cranbury's affordable housing and Eden Residential Services. Items and pizza were delivered to them for Halloween.

It wouldn't be the Gourmet Department without our favorite appetizers.

Goodie Bags for Betty Wagner House Residents - October 7, 2021

**Happy Halloween,
neighbors!**

Eden Autism opens new group home in Cranbury Township

Three more individuals with autism are able to live semi-independently in one of Eden's newest group homes thanks to an extraordinary partnership between Eden Autism and Cranbury Housing Associates.

Eden Autism opened its 30th residence in Cranbury last month. Cranbury Housing Associates, Inc. (CHA) — a volunteer nonprofit organization composed of Township residents who effectively develop and manage high quality, affordable housing in Cranbury — worked with Eden to develop and renovate the home.

"The opening of our residence in Cranbury is the product of a lot of hard work and dedication by our friends and neighbors in Cranbury," said Eden Autism President & CEO Michael Decker. "We are extremely grateful for Cranbury Housing Associates' shared commitment to supporting adults with autism in their desire to live as independently as possible in a beautiful home and neighborhood."

**Eden's Cranbury
location is known as the
Betty Wagner House.**

GOURMET

Such fun we all had.

Look what we made!

New member, Paulette Christie made this cool plaque.

When Marsha Travis was unable to attend, the Workshop staff completed her project for her!
