Killing Me Softly With Her Song

Verse 1
Dm7                  G                      Cmaj7                  F
I heard she sang a good song. I heard she had a style
Dm7                  G                      Am
And so I came to see her to listen for a-while
Dm7                  G                      C                  E
And there she was this young girl, a stranger to my eyes...

Chorus
Am                                           F           G                                           Cmaj7
Strumming my pain with her fingers, Singing my life with her words.
Am                      D/F#                              G                  F
Killing me softly with her song, Killing me softly with her song,
C                       F                                       Bb                           A
Telling my whole life with her words, Killing me softly.....with her song..

Verse 2
Dm7                  G                      Cmaj7                  F
I felt all flushed with fever, embarrassed by the crowd,
Dm7                  G                      Am
I felt her found my letters and read each one out loud...
Dm7                  G                      C                  E
I prayed that she would finish, but she just kept right on...(to Chorus)

Verse 3
Dm7                  G                      Cmaj7                  F
She sang as if she knew me, in all my dark despair..
Dm7                  G                      Am
And then she looked right through me as if I wasn’t there.
Dm7                  G                      C                  E
But she was there this stranger, singing clear and strong...(to Chorus)
