

## Together Again (Buck Owens)

**C** **F**  
Together again, my tears have stopped falling.

**G** **C (F - F# - G)**  
The long lonely nights, are now at an end

**C** **F**  
The key to my heart, you hold in your hand,

**G** **C**  
But nothing else matters now, we're together again

**C** **F**  
Together again, the gray skies are gone.

**G** **C (F - F# - G)**  
You're back in my arms, right where you belong

**C** **F**  
The love that we knew, is living again,

**G** **C**  
And nothing else matters now, we're together again

*(Instrumental break)*

**C** **F**  
Together again, the gray skies are gone.
