Waltz Across Texas

G                    D
(1) When we dance together, my world's in disguise
     D7                         G
It's a fairyland tale that's come true
     D
And when you look at me with those stars in your eyes
     D7               G
I could waltz across Texas with you

CHORUS

G                                          D                            D7                                       G
Waltz across Texas with you in my arms, waltz across Texas with you
     D
Like a storybook ending I'm lost in your charms
     D7                G
And I could waltz across Texas with you

(Instrumental Break)

G                    D
(2) My heartaches and troubles are just up and gone
     D7                  G
The moment that you come in view
     G                                          D
And with your hand in mine dear, I could dance on and on
     D7                 G
I could waltz across Texas with you    (To Chorus)
