

Cinema Schermo Presents

WRITE YOUR SCREENPLAY IN 6 WEEKS

Have an idea for a screenplay but can't seem to figure out how to write it?

During this course you'll be provided with instruction and course materials to guide you through the writing process from page 1 to page 104.

In this course you'll learn:

- How to outline your script
- How to use a character matrix
- What are some of the standard genres used in screenplays popular today
- How to use the three layered story structure
- What goes on pages 1 through 104 and why the order is important

Over a period of 6 weeks you will be guided through the entire writing process from title page to the final
FADE OUT.
