Laneisha Hayes, CPP

Young Professionals Liaison:
Steven Coughlin

Program Chairperson: Shamik
Walton

Investigative Liaison: John
Alvinez

A Word From Our Chairman

Seasons' greetings to all and thank you for supporting the Greater Orlando Chapter over the past nine months as we experienced all of the exciting events and lectures. Recap: During our June 2019 luncheon, our guest speaker was Chris Davis VP of Security and CSO of NASCAR. Mr. Davis provided insight on New Era Security and event preparedness. Thank you Chris! Also in June 2019, the Chapter took a road trip to the Daytona Speedway, Daytona, Florida. The participants were treated to a facility tour and security briefing. Thank you Daytona Speedway!

During our July 2019 luncheon, our Chapter's Webmaster, Regine Bonneau provided a one-hour block of instruction about Cyber Security. This cyber information was timely, informative and well attended. Additionally, all who attended received one continuing education credit towards recertification. Thank you Regine!

During our August 2019 luncheon, our Chapter's Mentorship Program Chairperson, Brad Hickory provided a lecture about Protective Security. Thank you Brad! Unfortunately, the Chapter was unable to host the annual golf tournament due to logistics. We hope to see all of you next year!

In September 2019, several of our Chapter members attended the GSX Conference in Chicago and returned with many helpful security trinkets. Also, during this month the Chapter held a luncheon where Marty Smith, U.S. Department of Homeland Security Regional Representative provided information on situational awareness and security preparedness. Thank you Marty!

The Chapter is looking forward to the October 2019 luncheon presentation from Alan Malinchak of Eclat Transitions and the two holiday events in November and December.

Again, thank you for your support and enjoy every day

Earl Biggett, CPP

Cause of Death: Heart attack

ASIS International Board Certifications

The **Certified Protection Professional (CPP)**® credential provides demonstrable proof of knowledge and management skills in eight key domains of security. Those who earn the CPP are ASIS board-certified in security management.

The **Professional Certified Investigator (PCI)**® credential provides demonstrable proof of an individual's knowledge and experience in case management, evidence collection, and preparation of reports and testimony to substantiate findings. Those who earn the PCI are ASIS board-certified in investigations.

The **Physical Security Professional (PSP)**® credential provides demonstrable knowledge and experience in threat assessment and risk analysis; integrated physical security systems; and the appropriate identification, implementation, and ongoing evaluation of security measures. Those who earn the PSP are ASIS board certified in physical security.

The **Associate Protection Professional (APP)** designation provides the first "rung" on the security manager's career ladder. It is for those with 1-4 years of security management experience and measures the professional's knowledge of security management fundamentals, business operations, risk management, and response management.

Why Earn an ASIS Certification?

- Validate your security management expertise
- Be globally recognized by your peers and industry
- Get a competitive edge in the marketplace
- Enhance your career and earnings potential
- Broaden experience and training from law enforcement and military backgrounds
- Gain personal satisfaction and professional achievement

You can reach new heights in professional security excellence with an ASIS board certification! Get Involved with ASIS Connects.
