ATTENTION: RETAILERS AND DISTRIBUTORS

To call the hemp industry a budding opportunity for retailers would be an understatement, projected to reach a value of nearly \$1.3 billion USD by 2024. But the time it takes to develop and deliver on your own brand can be prohibitive. Hartville Hemp can save you time and money, jumpstarting your revenues just by placing **Your Logo Here** on our extensive catalog of top-quality hemp products. It requires no special licensing to be in business right away. We deliver the product and packaging for seamless integration for your business. By creating engaging in-store hemp displays you can catch the consumers' eyes, express your brand story, and influence more sales in this highly competitive market.

- Isolate, THC-Free & Full Spectrum Options
- Organic Ingredients Available
- Consistent & Safe Products
- COA Lab Testing & QR Codes
- Easy Ordering Process
- Drop Shipping & Warehousing Services Available
- Educational Support

ULTRA-PREMIUM CBD FLOWER

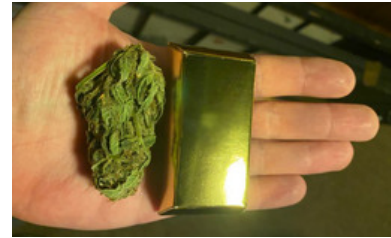

\$21 PER JAR
\$420 PER CASE OF 20
MSRP: \$30

STORMY DANIELS INDOOR - CBD RATIO 28:1 (8-14% CBD)

SD indoor is our featured product, a great introduction to the finest smokable hemp available. This is **dispensary-quality ultra-premium flower**, with a bold flavor and rich scent that showcases hints of cloves, cinnamon and lime.

- Terpenes: b-Caryophyllene, Myrcene, Pinene, Humulene, Bisabolol, Linalool, and Limonene.

CHERRY BLOSSOM INDOOR - CBD RATIO 25:1 (8-14% CBD)

Cherry Blossom showcases the delights of rich flavor with a fruitful bouquet. As an Indica-dominant strain with a potent experience, it delivers a calming but invigorating experience to the customer.

- Terpenes: Myrcene, Caryophyllene, and Bisabolol.

AC/DC INDOOR - CBD RATIO 20:1 (8-14% CBD)

AC/DC lives up to its name, with a full-bodied bouquet that meets a high octane punch of berry, clove and licorice. The strain is a blend of Cannatonic and SMGO and has been voted as one of the top high-CBD strains for wellness use.

- Terpenes: Alpha Pinene, Beta Pinene, Camphene, Myrcene, L-Limonene.

OUR POLICY FOR DELTA-8 THC FLOWER

Each of our flower products will be available in a Delta-8 variety for select clients beginning Q3 2021. Each Delta-8 product contains levels of total THC that are under .03% by weight. The decision to offer these is designed to satisfy the consumer demand while still maintaining an advanced level of quality control within our licensing guidelines.

Unlike many companies offering poor quality hemp with questionable Delta-8 sources, we craft our products with the same level of purity, integrity and quality assurance that we apply to every level of our operations. Delta-8 THC is currently legal under the 2018 Farm Bill and compliant under the state of Ohio Hemp Program. For more information visit our website: www.hartvillehemp.com/delta-8.

For inquiries or to place orders, contact sales@hartvillehemp.com or call 330-920-6040. COAs for all products available upon request or visit www.hartvillehemp.com/COAs

ULTRA-PREMIUM CBD CIGARS XL CORONA (4 G)

-----4.1"-----

\$22 PER CIGAR
\$154 PER CASE OF 7
MSRP \$40

Our hemp cigars are **100% nicotine-free with no intoxicating effects of THC**. They offer a fresh new choice for a connoisseur of traditional cigars or a superb introduction to hemp for a curious first-time smoker. **Can you inhale? Absolutely! Or you might choose to pull and savor just as you would any fine cigar.**

The cigar is filled with **crest bud flowers** crumbled and gently packed, so you can expect a pull that is balanced but not as layered as leaf tobacco. The outer palm leaf is slightly more firm and dry than a tobacco wrapper, with a unique composition that mitigates tunneling and breakage. The robust blend of cannabinoids and terpenes delivers **a pleasant sense of relief and a full-body uplift**. Some have described the experience as a **relaxing, legal "body high."**

NET WEIGHT:

4 G (.14 OZ.) PER CIGAR

28 G (1 LB.) PER CASE (7 CIGARS)

CBD FLOWER PRE-ROLLS

\$12 PER 2-PACK - \$240 PER CASE OF 20

Building Your Brand.

OUR PROGRAM STEP-BY-STEP

The CBD and hemp-derived market is poised for a shift towards consolidation for larger companies, and niche markets for small-batch, artisanal hemp-derived products. Your timing as an entrepreneur couldn't be better.

To build the best premium brand - you have to begin with best premium products. Hartville Hemp can deliver the BEST to you better than anyone else. The Hartville Hemp White Label program is designed for people looking to create a PREMIUM brand. Here are 5 simple steps to get started:

DEVELOP YOUR INTAKE PROFILE

1

This is a pivotal first step. We use this to determine IF we are good fit for you and HOW we can best support you in launching your business. Once we decide is go time, we'll have a discussion about forms and licensing, distribution channels, testing and COAs, accounting, graphics, SOPs, and more for your successful growth.

SELECT YOUR PRODUCT OFFERING

2

Work with our team to determine which products are right for your brand and then customize your products to fit your needs. Choose from a wide selection of packaging, flavors, scents, and ingredients to make the products your own. Custom formulations are available.

DETERMINE YOUR DESIGN NEEDS

3

Whether you are you starting from scratch, have an established brand, or somewhere in between, we have talent on hand to assist you along the way. Our designers specialize in hemp branding and packaging. We can help you develop your brand identity to make your product unique.

FINALIZE YOUR ORDER

4

You'll receive label & packaging templates to discuss for your packaging and final proofs for the graphics before they go to print

GET READY FOR BUSINESS!

5

You're almost there. After you place your order, we will send you a starter kit of requirements and recommendations we offer to get the business off to a blazing start.

To submit your initial intake application, visit www.hartvillehemp.com/whitelabel.

For inquiries or to place orders, contact sales@hartvillehemp.com or call 330-920-6040.

HEMP RAISED TO A GOLD STANDARD

We grow products that we love ourselves, and we like **only the best**. We start with **superior hemp genetics** and grow our plants under the healthiest conditions with precision nutrients and **Controlled Environment Farming (CEF)** in Hartville, OH. Our hemp is packed with trichomes & delicious terpene profiles. Here's how you can experience the difference of **Hartville Hemp ultra-premium** hemp flower :

#1: See the Difference

The first distinction is the color: golden green & subtle purple hues provide a rich substrate for the crystals that give the flower its character. Each bud supplies dense, sticky trichome content, the hallmark of an ultra-premium hemp.

#2: Smell the Difference

We suggest you experience the flower the same way you might smell a glass of wine - fully exhale and take a deep breath. The scent provides an expansive experience based on a robust full-spectrum terpene profile that has been described as "zesty floral and fruity." The aromatic terpene list includes b-Caryophyllene, Myrcene, Pinene, Humulene, Bisabolol, Linalool, and Limonene.

#3: Taste the Difference

The smoke is smooth, complex, and pleasantly uplifting - a one-of-a-kind superior hemp experience. The phytonutrients that saturate the flower blend with spicy overtones to dazzle the tongue. The unique full-spectrum flavinoids yield the flavors found in the chart to the right below.

#4: Feel the Difference

We cure the products to reach the perfect combination of sticky and full-bodied. Gently press your fingers against the bud and you'll feel the evidence how precision environmental control yields a dispensary-grade flower that keeps its character.

Ours vs Theirs

Primary Aromas

Clove	
Pine	
Earthy	
Cinnamon	
Lime	

Every Hartville Hemp product comes with federal & Ohio complaint COA's. We make no medical claims about our hemp products. Please consult a physician before enjoying this product if you are pregnant, breastfeeding, currently taking medications, or under 18 years of age. Store your flower in an airtight container in a cool, dark place.

For inquiries or to place orders, contact sales@hartvillehemp.com or call 330-920-6040. COAs for all products available upon request or visit www.hartvillehemp.com/COAs

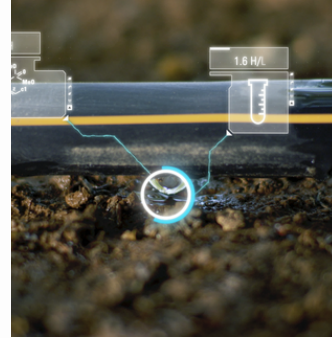

ABOUT HARTVILLE HEMP

With more than 20 years of combined experience in the CEF industry, the team at Hartville Hemp Products is focused on providing the quality, integrity, and reliable results that the emerging hemp market demands. Beginning in 2017, founder & president Tim Madden began developing proprietary indoor cultivation systems across the country. When Ohio legalized hemp in 2020, Tim led a team to transform a standard office building into Ohio's largest CEF hemp cultivation facility. The company also owns a 2.5-acre outdoor farm that serves as a research field for identifying premium genetics. Our white label partners are invited to schedule a visit the farms and see the source of their business success.

OUR PORTFOLIO OF SERVICES

As a vertically integrated business-to-business industrial hemp breeder and seed producer, we provide superior quality and exceptional value for our domestic and global industry partners. Our expertise extends to all aspects of cultivation, both indoor and outdoor, including environment control, high-performance lighting installations, and multi-purpose irrigation solutions. The core of our business is dedicated to research, working with leading industry professionals to develop insights into best practices and market trends. We develop our products based on best-in-class university protocols and credentialed research institutions. The goal is to help our customers improve their performance and profitability. **We look forward to being part of the ongoing success of you and your customers.**
