B: Aksum Consulting, Inc.: Customer Success Stories

Here are a few of our customer success stories...

- ✓ As part of a cloud migration and IT modernization program at a U.S. federal agency, Aksum Consulting, Inc. (ACi) led performance analysis of data analytics workloads, created standards and reference implementations for API design, and supported successful onboarding of dozens of datasets totaling hundreds of terabytes of data to deliver a cost-efficient, highly performant cloud-deployed solution for self-service reporting and analytics.
- ✓ Developed a supply chain management (SCM) B2C application on a low-code application platform (LCAP) featuring AI-enabled sentiment analysis of customer feedback to assist a mid-market commercial client proactively identify and resolve customer complaints, resulting in a 95% customer satisfaction rating.
- ✓ Teamed with an industry-leading low-code application platform (LCAP) vendor to successfully develop and deploy an automated workflow solution to process employee award nominations. The solution, which included integrations to third-party platforms for data interchange, reduced the award nomination cycle from several weeks to fifteen days, saving the customer over \$1M annually in administrative labor costs.
