## Carer Mate – Worker Compliance Volunteer and Charity organisations

Carer Mate has been established to solve the problem of worrying about checks and monitoring of workers, volunteers or other individuals requiring National Police Checks and/or Working with Children monitoring.

Carer Mate provides a continuing monitoring service - and will alert organisation's by their by email / phone when there has been a breach, or change, in a worker's compliance status.

The business portal (available for organisations monitoring more than 5 workers) proves a management with functionality to:

- Portal view of workers "compliance passport" & check records
- Weekly reports on Care worker Status
- Electronic access to a secure copy of the worker's most current police check (*within 12 months of check\**)
- Reporting for Care / Support worker workforces
- Business Portal with team management features
- Downloadable Team Status reports for record keeping & audit
