

Are you interested in our upcoming litter(s)? At New Era K9s, we pride ourselves in breeding with integrity. We strive to produce a new era of healthy German Shepherds by genetically testing our Dam and Sires via Embark. This testing not only shows Orthopedic Foundation for Animals (OFA) certification of our dogs' parents, but also a well-bred shepherd, with a perfected temperament. We believe strongly in producing the highest quality German Shepherds; we are not a puppy mill or a backyard breeder. This has taken lots of time, and with the help of Chimane German Shepherds, we have been able to create the utmost ideal family dog, for you and your family. Our dogs come with strong champion bloodlines, and AKC papers, which will be provided upon request, and at pick up.

There is absolutely nothing better than owning a German Shepherd. A true loyal, and confident companion is a great addition to your life. Although lengthy, our application helps us ensure our puppies are right for you and your family. Let us be clear, German Shepherds are not for everyone, and they require a high level of care. If you meet our requirements and expectations, and we see you fit for our litter, we would love to give you the opportunity of a lifetime, our bloodline. In order to be considered as a buyer you must be verified by your vet, and references. We hold all rights to deny you a sale by the information provided on this form, or else wise stated by us, New Era K9s.
