## Venue History

The **Carousel House**, in Santa Barbara, CA was built in 1997- The same year Alyssa & Wesley entered the world. By 1998, the construction was complete and ready to house a historic 1916 Herschell Three-Abreast Carousel. For 20 years, the carousel went 'round, collecting millions of memories throughout its time- but never collecting a dime as the rides remained joyfully free to those who indulged.

By 2017, the joy could not justify the cost and sadly, the carousel disappeared from the California coastline. It reopened as a venue in 2020.

From the Herschell Carousel of 1916 to the Hertel-Welfringer Wedding of 2025, the building stands proudly in Chase Palm Park, continuing its legacy as a space of joy, collecting memories & smiles from those who enter.
