

The Educated Imbeciles, Create and Spread Evolution.

LUCY

Almost all experts agree Lucy was a 3 foot tall chimpanzee.

HEIDELBERG MAN

Built from a jawbone that was Conceded by many to be quite human

NEBRASKA MAN

Scientifically built up from one tooth, later found to be the tooth of an extinct pig.

PILTDOWN MAN

The jawbone turned out to belong to a modern ape.

PEKING MAN

Supposedly 500,000 years old, but all evidence has disappeared.

NEANDERTHAL

At the Int't Congress of Zoology (1958) Dr. A.J.E Cave said his examination showed that this famous skeleton found in France over 50 Years ago that of an old man who suffered from arthritis

NEWGUINEA MAN

Dates way back to 1970. This species has been found in the region just north of Australia.

CROMAGNON MAN

One of the earliest and best established fossils is at least equal in physical capacity to modern man. So what is the difference?

MODERN MAN

This genius thinks he came from a monkey.

Only GOD can create something from nothing, Idiots.
Satan is the god of this world. He is liar and the father of it.
Those that swallow the Evolution Bullsh-t, have rejected sense.

Time

People are led to trust people that call themselves scientists. These people claim that every thing evolved from nothing millions of years ago. Pretty good trick, something from nothing. Then there is the Big Bang theory, something from nothing. Of course, they cannot prove this with facts because there are no facts, no millions of years. Then there are all the stars, planets, etc. round objects not jagged junk after an explosion from nothing. God's has given his creatures a thing called sence, common sense. These experts threw it away for fame and fortune. Albert Einstein said "the stars are mathematically placed." Placed hanging in space about a sun, in organized pattern by its brilliant creator. The creation it's self proves His wisdom, greatness and power is far beyond that of man. These people hate God and they hate you. They spread their lies, lies, lies and give you no Reason for life or anything that is. God has given you his book of life, which shows you his creation took him 6 Days, about 6 Thousand years ago, not millions of years of fictionalization. The genology in God's book prove the earth age.

The Flood

The self professed experts, the government, the scientists and their media deny the flood. That doesn't explain how sea shells got on top of mountains all over the earth. They all deny Noah, the Ark, the flood and God. They all call God a liar. The true scientists believe God, they are the Creation scientists. They are not permitted to be heard or seen. They stand on the facts the Bible declares.

Noah's Ark

Noah's Ark had been rediscovered years ago in 1960 on the mountains of Ararat. A mud slide had caused it to slide lower down the mountain. It was rediscovered again by Ron Wyatt in 1977. Below are some of his findings about the Ark.

Some of the facts Discovered

Ron Wyatt rediscovered the Ark in 1977.

Some of the Ark Evidence

1. It is in the shape of a boat, with a pointed bow and rounded stern.
2. Exact length as noted in bible description, 515 feet or 300 Egyptian cubits. (Egyptian not Hebrew cubit would have been known to Moses who studied in Egypt then wrote Genesis.)
3. It rests on a mountain in Eastern Turkey, matching the biblical account, "The ark rested . . . upon the mountains of Ararat" Genesis 8:4. (Ararat being the name of the ancient country Urartu which covered this region.)
4. Contains petrified wood, as proven by lab analysis.
5. Contains high-tech metal alloy fittings, as proven by separate lab analyses paid for by Ron Wyatt, then performed later by Kevin Fisher of this web site. Aluminum metal and titanium metal was found in the fittings which are MAN-MADE metals!
6. Vertical rib timbers on its sides, comprising the skeletal superstructure of a boat. Regular patterns of horizontal and vertical deck support beams are also seen on the deck of the ark.

7. Occupied ancient village at the ark site at 6,500 ft. elevation matching Flavius Josephus' statement "Its remains are shown there by the inhabitants to this day."

8. Dr. Bill Shea, archaeologist found an ancient pottery sherd within 20 yards of the ark which has a carving on it that depicts a bird, a fish, and a man with a hammer wearing a headdress that has the name "Noah" on it. In ancient times these items were created by the locals in the village to sell to visitors of the ark. The ark was a tourist attraction in ancient times and today.

9. Recognized by the Turkish Government as Noah's Ark National Park and a National Treasure. Official notice of its discovery appeared in the largest Turkish newspaper in 1987.

10. Visitors center built by the government to accommodate tourists further confirms the importance of the site.

11. Huge anchor stones were found near the ark and in the village Kazan, 15 miles away, which hung off the rear of the ark to steady its ride.

12. The ark rests upon Cesnakidag (or Cudi Dagi) Mountain, which is translated as "Doomsday" Mountain.

13. Dr. Salih Bayraktutan of Ataturk University stated, "It is a man made structure, and for sure it's Noah's Ark" Common Sense. This same article also states "The site is immediately below the mountain of Al Judi, named in the Qur'an as the resting place of the Ark." Houd Sura 11044

14. Radar scans show a regular pattern of timbers inside the ark formation, revealing keels, keelsons, gunnels, bulkheads, animal chambers, ramp system, door in right front, two large barrels in the front 14' x 24', and an open center area for air flow to all three levels.

15. New, 2016, high resolution, resistivity scans were done on the ark and reveal the same man-made elements that Ron Wyatt found in his 1985 scans. See www.noahsarkscans.nz
