Love from Northern Hope

With Valentine's day at the beginning of February, our Program Director led many new activities to celebrate. Some of the activities include creating magnetic felt frames, engraving art, woven felt hearts, and more. Everyone at Northern Hope loves how festive the activities and décor are each month.

Financial Success

This month NHC member Dorothy was able to lead other members, and teach about budgeting and finances. Members learned how to budget meals, Checks, and other financial issues. Living to the member-driven and member run motto is always a priority for the center.
