How 5G A.I. IoT Smart Grid Connects to the UN “Global Warming” Narrative

Man-made Climate Change Hoax
Pushed by phoney, industry-funded Extinction Rebellion

- Climate change ‘denial’ made punishable.
- Introduction of ‘carbon taxes’
- Restrictions on car and plane travel
- Veganism pushed
  - Weaker population
- A.I. sees greatly reduced work.
  - More dependence on Big Gov for survival. Low pay ensures long hours for those in work
- Mandatory smart meters
  - “For the sake of the planet”
- Mass surveillance and loss of privacy, damage to health, higher bills, energy rationing (through high cost and/or legislation)

Agenda 21/30: people ‘encouraged’ into cities.
- Massive landgrab through re-wilding schemes. Home and land ownership restricted

5G, the Smartgrid & the Internet of Things monitoring every aspect of your life

- ‘Smart’ travel, driverless cars, etc
- 100% smart meter compliance
- Chinese style Social Crediting System: ‘Good behaviour’ rewarded, ‘Bad behaviour’ punished
- 100,000’s CCTV cameras in all public spaces
- Mandatory vaccinations for all, drug compliance, and monitoring of ‘unhealthy’ lifestyles

Complete Government control of
- Shelter, land, resources
- Finances
- Movement
- Health
- Speech, thought, behaviour
- Energy
- Food

DEPOPULATION

Solar Radiation Management to reduce sunlight reaching earth: geo-engineering and chemtrails

Reduced food production in the Northern hemisphere

Food scarcity
- Civil unrest
- Widespread use of gmos

Greater police powers to control unrest, criticism of government, etc

The cashless society
