(Heating Ventilation and Cooling - HVAC)

"I am very pleased to recommend the business tax incentive services of American Business Incentive Services (ABIS). I thought it was probably too good to be true, but ABIS was really able to help my HVAC company, Speedy Air Conditioning, recover overpaid taxes from the Federal Government because of tax credits and incentives, which had gone unclaimed. There was no cost for the initial analysis, the process was easy and totally secure. I highly recommend Rick and Debbie Perry and ABIS.

Peter Pietruszko, President

(Medical - Dentist)

"We are pleased to recommend the services of American Business Incentive Services. We heard that dental practices might qualify for business tax incentives, then we spoke with Debbie and Rick Perry of your Strategy Partners, Business Advisors for ABIS. With years of experience, and many successful recovers, ABIS helped Pelican Landing Dental to recover overpaid taxes from the Federal Government because of tax credits, which had gone unclaimed. Our practice will be able to use our refund to expand our business. We highly recommend the services of American Business Incentive Services and Your Strategy Partners."

Dr. Rich Gilbert & Dr. Lacy Gilbert

(Medical - Plastic Surgeon)

"I recently had an agreement with Rick and Deb Perry who are business strategy consultants. They came in, we talked and they then reviewed my 'business behaviors.' They were able to help me recover "significant federal tax credits." Great people to work with. I give them my highest recommendation."

Robert J. Brueck, M.D.

(Kitchen Renovations & Design)

"I met with Your Strategy Partners (Rick & Debbie Perry) and learned that the Federal Government has a Business Tax Incentive program specifically to incentivize businesses like mine...Although I thought it was probably too good to be true, Your Strategy Partners and 'American Business Incentive Services' were really able to recover those unclaimed tax credits...and get back my overpaid taxes from the IRS. I am pleased to recommend Your Strategy Partners and 'American Business Incentive Services'.

CUSTOMER COMMENTS

(Pest Control, Lawn Care and Irrigation Services)

American Business Incentive Services and Business Advisors, Rick & Debbie Perry with Your Strategy Partners helped me recover the past three years of my overpaid taxes from the IRS. Now I will be able to use the money recovered to help build my business. I am very pleased to recommend the services of American Business Incentive Services.

Keith Ruebeling, President

KOBIE KOOLING, INC. (Heating Ventilation and Cooling - HVAC)

"Although I heard about Federal tax incentive programs before, I did not think that my HVAC company, Kobie Kooling, would have the opportunity to recover overpaid taxes from the IRS. But American Business Incentive Services was really able to help us qualify for business tax credits and incentives...Because we have developed some unique and proprietary solutions, we qualified for the Research & Development tax credit...I would recommend to any business owner to take an hour to meet with them to apply. It could be well worth your time."

Fred Kobie, Owner

(Marine - Boat Services, Mechanics & Electronics)

"When I first heard about business tax incentives, I didn't think my company would qualify. However after meeting with Rick Perry...with American Business Incentive Services, I decided to apply for tax incentives because of the free estimate. ...I was pleasantly surprised to find that I did qualify for a substantial recovery based on the case ABIS built for Legacy Marine...I completely understand anyone's hesitation because they think 'it's too good to be true.' I assure you these tax incentives are real. You may never know if you qualify without trying...it could give your business a financial boost, just like mine.

Tom DeVries, President

(Technology - Software, Invention & Manufacturing)

"My CPA recommended that I should learn more about federal business tax incentives, which could benefit my, since my company invents, innovates, designs and creates software and electronic hardware. As with most tax CPA's, he does not specialize in the federal or state incentives, so I followed his advice and met with Rick and Debbie Perry of Your Strategy Partners, who represent American Business Incentive Services. Their team of tax incentive experts were able to qualify me to recover overpaid federal taxes through credits based upon my business activities. ...the process was professional and confidential...I received my "refund" check back, just as expected."
