

**Complimentary one-hour
information session with
an SLP from SLP4ALL!**

BELIEVE. EMPOWER. SUCCEED.

At SLP4ALL we are guided by the following principles:

- **LIFELONG UTILITY** - Tools needed for work and school are essential for ALL daily activities.
- **INTEGRATION** - We use innovative approaches to blend assistive technology with everyday executive function needs.
- **EASE OF USE** - Tools and strategies should require minimal thought, allowing focus on tasks, not tools.

Learning Outcomes:

- Participants will gain a better understanding of how 21st century assistive technology tools can support clients with different access needs.
- Become familiar with how different assistive technology tools can offset the impacts of a wide range of disabilities and executive function skills.
- Discover the services provided by SLP4ALL and the types of clients we support, as well as how to make referrals.
