Steps to adoption

View our website or social media pages and read our pet's profiles.

Please forward photos of your yard and home where the pet will be living. Must include complete photos of the fully fenced yard and gates and rooms that your pet will have access to in your home.

We would like to see any outside housing provided for the pet to protect him from the weather as well as photos of your past pets. Please describe how the pet will fit into your life.

Complete the adoption application form and email it to the above email address. This does not bind you to the dog, nor does it guarantee that you will be adopting the dog, it shows us that you are serious about the adoption.

A home inspection is required prior to the pet being released to you.

Come to the facility to meet the animal you are interested in; please call ahead to book your meet and greet appointment.

Adoption fee is payable by cash or cheque to Angel's Animal Rescue Society prior to animal being released.

Come pick up your pet or arrange for the pet to be driven to its new home.

Give the pet at least a month to settle in and adjust to the changes.

Our pets often have more than one application submitted. The decision of where the pet goes is not first come first serve. It is based on what we believe to be the best home for the pet.

Our adoption application can be found on our website under FORMS. www.angelsanimalrescue.ca

Prior to visiting please be sure to contact Judanna at 250-378-5223.

Thank you for choosing Angel's Animal Rescue Society in your search for a new family member.
