# Boats and Trailers

---

- Boats have been launched at the end of Y-40 (.25 miles away) but this area is soft and can require four wheel drive. If you want to launch your boat from a Marina then take Y-40 back to the split and go down Y-39, The Hideaway Marina is at the end of Y-39.
- You can park trailers on the North side of the property along the tree line. This area is between the Lagoon and the lake. Please lock up trailers, we are not responsible if items are lost or stolen.
- The Hideaway Marina is the closest Marina to our resort and you can rent boats or get gas and supplies. The Hideaway Marina has offered special rental rates to our guests, tell them you are a guest of Cedar Hollow and they will let you know of special rates.
- Lockers are available on the dock free of charge, just ask for a padlock from the office.

# PETS

---

- We love pets! But not everyone does, please be respectful of others' space and keep your pets **leashed at all times** when out of the room.
- All **pet poo** needs to be picked up and taken to the dumpster, people not cleaning up after their pet can be asked to leave the resort and forfeit the rest of their stay.
- **Excessive barking** (longer than a short greeting) will disturb others, please keep your pets with you at all times or kenneled while in the room alone
- Please **do not leave pets alone** in the room for more than an hour or two. This is a strange place for them and can cause anxiety with all the new noises and activity.
- Please use the special towels for pets supplied in your room, if you need more please let us know! Bathroom towels should be used for people and left in the room.
- When you leave, the room should look the same as when you arrived other than dirty linens. You have access to a broom and dustpan, rags and soap. If you need something to clean a bigger mess let us know and we can share some cleaning supplies.
