Please stay in your car and comply with all current Covid restrictions. If you are not participating in the proces-

Your Association Board Members are horrified at the news of the discovery of so many unidentified children's graves in Kamloops.

Please support the following organizations. They do amazing work to support the survivors of residential schools and to make the world better for future generations:

The Association received a BC government grant to continue the renovations at the hall. Covid restrictions have slowed our progress. The wash-rooms will be renovated over the next couple of months. Jobs completed to date include installing acoustic panels to the walls and ceilings and new dimmable LED ceiling lighting. We have also upgraded our fire alarm system and will be continuing with foundation repairs in the Fall.

Big shout out to all those community-minded people who valiantly trod in ditches and along the sides of roads picking up garbage. THANK YOU.

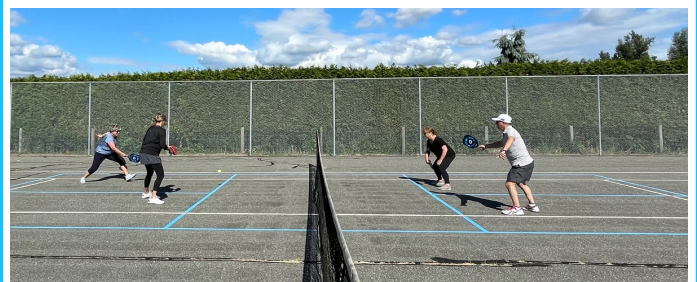

FALL FAIR 2021

Mark the date in your calendars ...

Saturday September 18th!

Planning is well under way for a great fair, and—keep your fingers crossed—it looks as if the Covid regulations will be sufficiently relaxed by then to have a more-or-less normal event, with some precautions, of course. There will be lots for kids to do, and a Craft Market as well. Stay tuned for more info closer to the date.

Pickleball lines have been painted onto one of the tennis courts at the Community Hall. We encourage you to bring your rackets and balls and enjoy a game. Over the next months we will assess community interest in the court, as we consider the future of the Mt. Lehman tennis courts.
