

Constructing a Rain Garden

Rutgers Cooperative Extension, in partnership with the Native Plant Society of New Jersey, has created a step-by-step guide to help you design and build a beautiful, sustainable rain garden. This manual has everything you need to get started!

Underway:

A joint project to revitalize Habernickel Park & Graydon Pool Rain Gardens

Graydon Pool Rain Garden

Habernickel Park Rain Garden

With the support of volunteers from Grace Church,
the gardens will be cleaned of debris, repatched for
better drainage and replanted.
