**ARE YOUR FILE  
CABINETS  
OVERFLOWING WITH  
PAPER?**

**HERE IS THE  
SOLUTION**

The conversion of paper files into a searchable PDF format is the most effective way to ensure your company's documents are secure and compliant with modern document management standards. So, if you've got piles of paper to organize and no time to do it yourself, contact Ahead Paralegal Services. We specialize in servicing law firms of all sizes with expertise and efficiency. We will remove all staples, clips, scan and index (to your exact specifications) and create searchable PDF files for all of your legal documents. This is a great way to save time, allowing you to focus on the core functions within the firm without the worry of document storage and archiving.
