

Project 1 | Contemporary Living Room: Bold Color & Texture

This living room showcases a rich, jewel-toned color palette anchored by a plush, deep blue modular sofa. The design incorporates custom built-in shelving, unique task lighting, and curated art to balance comfort with high-impact modern style.

Key Design Elements

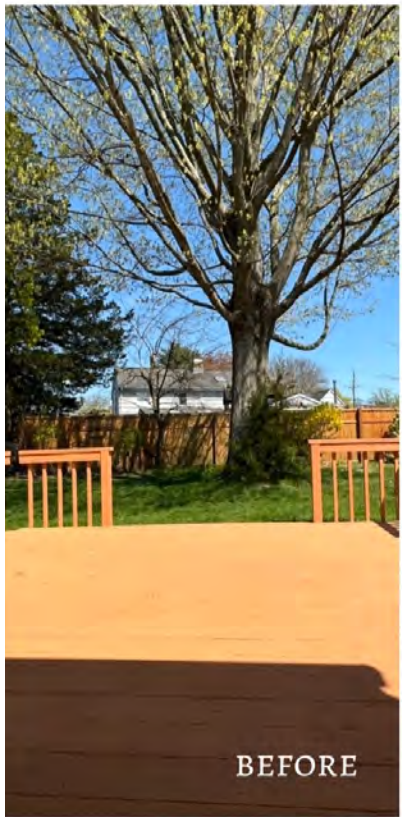

- Custom shelving.
- Velvet, modular seating for maximum comfort.
- Integrated marble-look fireplace surround.
- Accent lighting (neon floor lamps) for ambiance.

Project 2 | Coastal-Inspired Outdoor Covered Deck

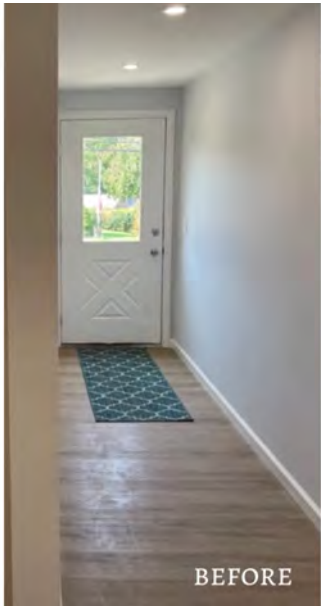

Description: Transforming a standard deck into a serene extension of the indoor living space. Centers around durable dining and lounge furniture, complimented by a vibrant blue patterned rug and layered textiles.

Project 3 | Entryway Built-In Mudroom Transformation

Description: Conversion of a narrow entryway into a highly functional mudroom. Custom built-ins in a refreshing teal color and bold patterned wallpaper elevated the space, providing essential storage.
