Become Competent,
Empathetic,
Future Leaders

Self-Leadership for Future Leaders

Four - 1.5 hour sessions

- Imagine students who are proactive, accountable and know how to get what they need to achieve their goals
- Imagine students who are self-confident because they understand their strengths and are not held back by negative thinking
- Imagine young people who are able to overcome barriers and persevere against life's inevitable challenges.
- Imagine your student becoming a competent leader with a servant heart leading their family, community and organization

The next
generation of
leaders will come
from engaged
self-leaders.
