

Mr. Lieberman

Challenges and obstacles confront each and every one of us at some point in time. The people we meet help us pull through our strife and teach us to grow from our experiences. It is the rare person who can put their own time aside and turn to help others. Educators such as these earn the respect and admiration of those around them. Through the dedication to his profession and students, Mr. Marc Lieberman exemplifies the morals of selflessness and altruism.

After spending almost a decade at OJR, this passionate, experienced teacher continues to reach out to all levels of students. He instills many different values in the classes he teaches, from standard to advanced placement. Responsibility, dedication, and hard work are the words that come to mind when his name is mentioned. A man who shares his boundless intelligence and advice, instilling knowledge within each student. Students and returning graduates always have a room to go to where they can discuss the tactics of Diplomacy and Jeopardy games.

Not only does Mr. Lieberman take the time to offer extra credit assignments for his classes, but he is also the advisor for the National Honor Society. He leads the top students in the school to pursue their efforts to influence the world around them, further enhancing their abilities to serve the community with strong character. He sets an example for everyone, working with a smile as an usher for the Phillies, making "hilarious" jokes in his class, and being a devoted husband and father of two daughters.

Even through the tough times of the past year,

Mr. Lieberman enters school each morning with his head held high and an exciting history lesson planned to go. Every step he takes is firm with determination, leaving a wake of aspiring young leaders behind him. It is no wonder that this pillar of education shares the dedication this year. As seniors, we say thank you to a wonderful man and educator.
