BACKGROUND AND LEGISLATION

BACKGROUND

Students may participate in programs and activities at the service from time to time including observing and experiencing the provision of centre-based education and care. This will be encouraged and facilitated by Creative Minds Early Years wherever appropriate and possible.

Creative Minds Early Years values the participation of parents/guardians and other family members, and the voluntary contribution they make to the education and care of their own and other children. “In genuine partnerships families and educators value each other’s knowledge and roles, communicate freely and respectfully and engage in shared decision making” (Early Years Learning Framework – *refer to Sources*).

Creative Minds Early Years aims to provide a range of opportunities for family members, volunteers and students to participate in programs and activities while adhering to clear guidelines regarding appropriate interactions and communication with staff, and other adults and children at the service (*refer to Code of Conduct Policy*).

The role that volunteers and students play in education and care services varies and can include working with groups of children, preparing materials or food, assisting with administrative tasks or working one-on-one with individual children. The service is responsible for ensuring that volunteers and students are suitable to work with children, and that children’s health, safety and wellbeing is protected at all times.

Volunteers should only be engaged to complement, not replace, the work of paid staff. Accordingly, services should not engage volunteers to fill the place of an employee who is ill or on leave, or to fill a vacant budgeted position.

Volunteers must not be asked to perform tasks:

- that they are untrained, unqualified or too inexperienced to undertake
- that put the children or themselves in a vulnerable or potentially unsafe situation
- where there is a conflict of interest.

Prior to participation at the service, a volunteer or student (aged 18 years or over) must be in possession of a Working with Children (WWC) Clearance (*refer to Definitions*).

Parents/guardians whose children usually attend the service are exempt from needing a WWC Check (*refer to Definitions*). However, a service may decide, as a demonstration of duty of care, that all parents/guardians who volunteer at the service are required to undergo a WWC Check (*refer to Definitions*).

In line with Child Safe Standards and the *Child Safe Environment and Wellbeing Policy*, prior to engaging a volunteer or student an assessment should be undertaken of the nature of the responsibility to determine whether a position description is required and based on that whether an interview and referee checks are required.

LEGISLATION AND STANDARDS

Relevant legislation and standards include but are not limited to:

- Child Safe Standards
- Education and Care Services National Law Act 2010
- Education and Care Services National Regulations 2011
- Equal Opportunity Act 2010 (Vic)
- Fair Work Act 2009 (Cth)
- National Quality Standard, Quality Area 4: Staffing Arrangements
- Occupational Health and Safety Act 2004 (Vic)
- Worker Screening Act 2020 (Vic)
- Worker Screening Regulation 2021 (Vic)

DEFINITIONS

Child-related work: In relation to the WWC Check (*refer to Definitions*), child-related work includes work with children which may involve physical contact, face-to-face contact, oral, written or electronic communication.

Conflict of interest: (In relation to this policy) refers to an interest that may affect, or may appear reasonably likely to affect, the judgement or conduct of the volunteer, or may impair their independence or loyalty to the service. A conflict of interest can arise from avoiding personal losses as well as gaining personal advantage, whether financial or otherwise, and may not only involve the volunteer, but also their relatives, friends or business associates

Essential purposes: The use and / or possession of a personal electronic device may be authorised for purposes other than taking images or recording videos of children include:

- communication in an emergency situation involving a lost child, injury to child or staff member, or other serious incident, or in the case of a lockdown or evacuation of the service premises
- personal health requirements, e.g. heart or blood sugar level monitoring
- disability, e.g. where a personal electronic device is an essential means of communication for an educator or other staff member
- family necessity, e.g. a worker with an ill or dying family member
- technology failure, e.g. when a temporary outage of service-issued electronic devices has occurred
- local emergency event occurring, to receive emergency notifications through government warning systems, for example, bushfire evacuation text notification.

Inappropriate conduct: Conduct that a reasonable person would consider inappropriate in an education and care service, taking into account any of the following circumstances:

- Whether the conduct aligns with generally accepted education and care practice
- The child's age and developmental stage
- Whether the conduct is likely to cause or result in harm (including emotional, psychological or physical harm) or injury to a child or children
- Whether the conduct is sexual, aggressive or violent.

In deciding if the conduct is inappropriate, it does not matter if:

- the child consented (agreed to the conduct, either by directly expressing their consent or implying consent through their actions)
- the person subjecting the child to the conduct believes the child has consented
- the person subjecting the child to the conduct is related to the child.

Subjecting a child to inappropriate conduct can occur in a number of ways including, but not limited to:

- in-person via words or behaviour, including both adult to child or between adults in the presence of a child/ren
- filming and capturing images or recordings
- as a single occasion or as part of a pattern over time
- either directly or indirectly (for example, exposure to inappropriate language or conversations, or leaving inappropriate material accessible to children)
- online
- as an omission (for example, deliberately excluding a child).

Personal Electronic Device: A device that can take photos, record or store videos refers to any handheld or portable device owned by an individual, such as a smartphone, smart watches with camera/recording functionality, tablet, or digital camera, personal storage and file transfer media (such as SD cards, digital cameras, wearables, such as camera glasses, USB drives, hard drives and cloud storage), which has the capability to capture and store images or video footage. These devices are not issued or controlled by the approved provider.

Student: A person undertaking a practicum placement as part of a recognised early childhood qualification. This student will be supported by an educational institution in the completion of their placement.

Working with Children (WWC) Check: The check is a legal requirement under the Worker Screening Act 2020 for those undertaking paid or voluntary child-related work in Victoria. The Department of Justice assesses a person's suitability to work with children by examining relevant serious sexual, physical and drug offences in a person's national criminal history and, where appropriate, their professional history.

Working with Children (WWC) Clearance:

- A WWC Clearance is granted to a person under Worker Screening legislation if:
- they have been assessed as suitable to work with children
- there has been no information that, if the person worked with children, they would pose a risk to those children
- they are not prohibited from attempting to obtain, undertake or remain in child-related employment.

Volunteer: A person or parent (who's child attends the service) who willingly undertakes defined activities to support the education and care programs at a service in an unpaid or honorary capacity. These activities may include child-related work (*refer to Definitions*), administrative tasks, or preparing materials or food.

EVALUATION

In order to assess whether the values and purposes of the policy have been achieved, the approved provider will:

- check staff records on a regular basis to ensure details of students, volunteers and where appropriate parents/guardians are maintained in line with all legislative requirements as outlined in the policy
- regularly seek feedback from everyone affected by the policy regarding its effectiveness
- monitor the implementation, compliance, complaints and incidents in relation to this policy
- keep the policy up to date with current legislation, research, policy and best practice
- revise the policy and procedures as part of the service’s policy review cycle, or as required
- notifying all stakeholders affected by this policy at least 14 days before making any significant changes to this policy or its procedures, unless a lesser period is necessary due to risk (*Regulation 172 (2)*).
