THE STORY

After nearly a lifetime of working for some of the most renowned names in Barbaresco, Piercarlo Culasso and his young and charismatic daughter, Martina, decided to craft wines from their family's plot in the coveted vineyards on the top of the historic hill, Faset planted by Piercarlo's father, Dante, in the 1970's.

Martina and Piercarlo are intimately involved with every step of production from farming to the cellar. The wines are immaculate, precise, and ethereal. Star in the making.
