

M-FINGERS by Partial Hand SOLUTIONS, LLC

M-Fingers are simple to operate and controlled by the user's own motion, allowing the patient to perform tasks more effectively, more responsively, and with optimized precision. They conform around objects to provide a secure and confident grip for the user. M-Fingers were designed with high strength, injected molded composite materials to deliver the durability and longevity needed for daily use.

LG-FT-BLK	Large Finger Tip (Black)
LG-FT-BRN	Large Finger Tip (Brown)
LG-FT-TAN	Large Finger Tip (Tan)

TITAN SERIES by Partial Hand SOLUTIONS, LLC

The newest innovation from Partial Hand Solutions, the titanium Titan series fingers are designed for the most active heavy duty user, ideal for those with occupational requirements. They are suitable for someone with a full or partial finger amputation and are available in a variety of sizes. The ratchet design allows the patient to manually position the joints in the most functional position, while providing a secure grasp. Various bases allow for the device to be fit as a thumb with full rotation and adjustable friction.

TITAN SIZING

Partial Hand SOLUTIONS, LLC TITAN FINGER PARTS
