

INSPIRE: IMPLEMENTING NOVEL SOLUTIONS FOR PROMOTING CULTURAL CHANGE IN GEOSCIENCE RESEARCH & EDUCATION

Opportunity for Science teachers!

Open to:

- High school science teachers
 - Passionate about incorporating geoscience topics into their curriculum
 - Seeking to support student access to hands-on, geoscience labs

Program Description:

- Two part program:
 - **Summer (July 2024)**
 - **Geoscience Intensive (2 weeks in-person):**
 - July 11th: remote orientation day
 - July 15-18th, 22-25th (8:30AM- 3PM) *in-person at City Tech CUNY
 - Engage with geoscientists in lectures and activities, participating with high school students in fieldwork to further their geoscience research as a professional development activity
 - **Academic Year (2024-2025)**
 - Engage in monthly professional learning community to hone:
 - Accessible pedagogies
 - Inquiry-based lab activities
- **Stipend: \$10,000**
