

Opportunity for Science Teachers!

INSPIRE Educators | Summer 2025-Spring 2026

INSPIRE: Implementing Novel Solutions for Promoting Cultural Change In Geoscience Research & Education

Open to High School Science Teachers who are:

- Passionate about incorporating geoscience topics into their curriculum
- Seeking to support student access to hands-on geoscience labs

Summer (July 2025)

- **Geoscience Intensive**

(2 weeks in-person):

- July 11th: remote orientation day
- July 15-18th, 22-25th (8:30AM- 3PM)

Location: in-person at CUNY City Tech (285 Jay St., Brooklyn NY)

Engage with geoscientists in lectures and activities, participating with high school students in fieldwork to further their geoscience research as a professional development activity

Academic Year (2025-2026)

- Engage in monthly virtual professional learning community to hone:
 - Accessible pedagogies
 - Inquiry-based lab activities

Stipend (for full program): \$10,000
