

FUNDRAISING FOR BEN'S CUP!

Hello, I'm doing a bottle drive to raise money for a hockey tournament that I'm playing in called Ben's Cup, hosted by the Ben Stelter Foundation! All of the money that I raise will be used towards bringing Proton Therapy, an advanced type of cancer treatment to Edmonton! Canada is currently the only G8 Country that doesn't have this type of cancer treatment available. Right now, 100's of Canadians have to travel to the United States for this treatment each year.

The top 40 fundraisers get to take part in an All-Star game and I really want to make it! All monetary donations over \$10 will receive a tax receipt!
