Fishin' Tales

January Meeting

The next Detroit Area Steelheaders, Inc. club meeting takes place on Tuesday January 30, 2007 at 7:30 P.M. in the hall at 6177 Chicago Rd. (east of Mound Rd., North of 13 Mile Rd.)-Warren, Michigan. Our meetings are always open to the public.

Join us at the next meeting and get information, raffles and more. Up to date club information can be found on the DAS web site at www.detroitsteelheaders.org.

NEW DIRECTORS

Members were elected to the Board of Directors as part of the activities finalized at the Christmas meeting.

Newly appointed to the Board were Mark Williams, Dave Linder, Tim Robinson and Paul Gjeldum. Congratulations to all.

The Detroit Area Steelheaders Board of Directors generally meets two Tuesdays before the general meeting at 7 pm at the K of C.

PRESIDENT'S 2006 SUMMARY

2006 was a great year for the Detroit Area Steelheaders. There were a lot of great events this year. We participated in both "The Ultimate Fishing Show" in Novi, and the Spring Fishing Classic at Bass

Pro Shops in Auburn Hills. The show at Bass Pro Shops was one of our best shows for talking to new members in years.

In March, we had another fantastic Wild Game dinner. It was moved to a new location and was even better than years past. Everyone involved really worked hard to make this event a success. This is the clubs biggest money maker, and I'm sure it will be just as good, if not better, in 2007.

In May we had our second "boat rigging show" in the parking lot before the meeting. Although it looked early on like we were going to get poured on, the sun came out, and the show went on. This seems to be a really popular event that we plan to continue.

Summer fishing was great in '06. Although boat numbers were slightly down, sprits were high. It was good to see a few of the new boats hitting the circuit hard this year and some of the old guys coming back. Again this year, Joe did a great Job running the tournaments.

We saw many new members in the rivers and on the piers this year. Mark and others have worked hard to introduce some new guys to the land based side of salmon fishing, and they're having a great time.

Behind the scenes, we did a fair amount of donating this year. We gave money to Sterling Heights High School to start up their Salmon in the Classroom project. We donated funds to the Coalition to Protect Michigan's Resources to help Inland Treaty Rights negotiations. We have also recently contributed money to do our part to support further research and control of cormorants on the great lakes, and we also started a DAS scholarship available starting in '07

(Cont. Page 2)

(From page 1)

The club is doing its part to sustain and improve our fisheries.

We had a lot of great speakers this year. I'd like to thank Jeff Oltersdorf for his presentation on Lake Erie Walleye fishing, Larry Meyers for speaking about Cormorant control, Neil Porter from CWCM for coming in and discussing Proposals 1 and 3. We had many Charter Boat Captains as well. Steve Dennis of Fishbone Charters, Dave Even of El-Lin Charters, Keith Kerpainain of Headhunter Charters all gave great presentations. Craig MacPhee of Shure Strike Cut Bait Rigs and Larry Hartwick of Riviera Trolling Systems and Dave Mull from Great Lakes Angler Magazine were also superb. Many of our own Grand Haven Charter Boat Captains, Rick Vandermeiden, Doug Karakas, Bill Stanley, Mark Stosiak, all stepped up to help answer questions and give tips. And let's not forget Ray from Michigan Marine Gear for his willingness to speak and help out the club.

Lastly, I'd like to recognize everyone on the Board of Directors for the hard work they put in year round. That said, I'm looking forward to another great year for the Detroit Area Steelheaders in 2007. We're all working to make this club the best it can be. Come to the meetings, bring a guest, get some tips and tricks, hook up with friends, old and new, and set aside some time to get out there and catch some fish in 07.

Jason Adam

MEMBERSHIP DRIVE

The Detroit Area Steelheaders has announced a new membership drive starting in January, with an incentive for any new member to sign up. If your membership has expired prior to December 2005, or you are a brand new member signing up for the first time, you will receive a package valued at approximately \$30.00. This package will include; one DAS annual t-shirt, one DAS 30th Anniversary silver streak spoon, two Michigan Squids or Flies, a DAS fishing towel, two DAS decals for your boat or truck, a DAS patch for your jacket or vest, and Michigan maps and brochures. This is with a paid \$25.00 one year membership, or a \$150.00 lifetime membership, paid by the April meeting. Not only is this incentive a great reason to join, but here are some of the other reasons why fishermen all over the state, and beyond are joining the DAS.

*The Detroit Area Steelheaders Inc. provides you with a means of being heard on issues affecting our fisheries.

*You receive 12 monthly issues of "FISHIN' TALES" newsletter, as well as access to the DAS website. Both have been praised for the information they contain.

*Organized events all year long, including boat trolling, river fishing, pier/surf fishing, and ice fishing tournaments, and seminars, held all over the state.

*Social events such as the 8th annual Sportsman Dinner and a special Christmas meeting with Salmon Claus for the kids.

*Participation in public service events such as the Special People Walleye outing.

*The DAS annual scholarship to help fund college students that are majoring in conservation, wildlife, fisheries or some other related field of study.

*Donations to M.S.U. research on fisheries, and donations to various Sport Fishing Organizations to support hatcheries or net pens, as

well as lawyer fees to help protect our fishing rights all over the state. In all more than \$33,000 has been donated since we came into existence as a sport fishing club.

*This is our 32nd year in existence as a sport fishing club, and we have great guest speakers lined up for upcoming meetings. Some would include, representatives of the Michigan DNR, state fisheries biologist, and charter captains, who would all give us timely information, and share their passions, as well as their special areas of expertise. Also, question and answer sessions are held at most of our monthly meetings, with the top skippers of our fishing tournaments.

*Camaraderie with your fellow members at the Knights of Columbus hall in Warren. The K of C hall is located at 6177 Chicago Rd. between Van Dyke and Mound Rd where Thirteen Mile and Chicago Rd intersect. Our meetings are on the last Tuesday of the month, at 7:30 in the evening.

*You can fill out the application for membership that is in the newsletter, and drop it in the mail, to our PO Box, or better yet bring it to one of our monthly meetings, and join in on the fun of great fishing ahead. We will also have a booth at the major fishing shows. Look forward to meeting you at one of the shows, or better yet at one of our monthly meetings. The members of our club are what make us successful, and without YOU, it will be hard to reach our goals.

Tom Moores—Membership Director

Detroit Area Steelheaders Giving Tops \$33,000

During our first 32 years of operation, our club, the Detroit Area Steelheaders, has contributed to numerous worthwhile causes which we believe serve our stated organizational goal of promoting and protecting Great Lakes sport fishing.

The following list of donations made by us through the years may overlook some, but the overall impact is that the Detroit Area Steelheaders give!

- **November, 2006 - \$1,000 Grant.** To the Michigan Wildlife Service department of the USDA to help fund cormorant control/research.
- **June, 2006 - \$5,000 Grant.** To "The Coalition to Protect Michigan's Resources" (formerly the Michigan Fisheries Resource Conservation Coalition) to help fund their Indian inland fishing negotiations within the Federal court directives.
- **April, 2006 - \$1,000 Grant.** To Sterling Heights High School to initiate a "Salmon in the Classroom" program.
- **January, 2006 - \$1,000 Grant.** To the Detroit Area Kids Fishing Derby for their 2006 derby.
- **November, 2005 - \$1,000 Grant.** To the Great Lakes Sport Fishing Council for their operations.
- **November, 2005 - \$500 Grant.** To the Clinton River Watershed Council for their Clinton River projects.
- **February, 2005 - \$250 Grant.** To the Clinton River Watershed Council for their Clinton River projects.
- **December, 2004 - \$800 Grant.** To the Grand Rapids Steelheaders Foundation, Inc. for their Willow Tree Trout Farm community fishing project.
- **October, 2004 - \$250 Grant.** To the Great Lakes

Sport Fishing Council Carp Barrier fund for the Chicago River.

- **July, 2004 - \$1,000 Grant.** To Project FISH for their teaching projects.
- **July, 2004 - \$250 Grant.** To the Great Lakes Sport Fishing Council for their operations.
- **January, 2004 - \$2,500 Grant.** To the Manistee County Sport Fishing Association for their Orsini Hatchery operations.
- **November, 2003 - \$700 Grant.** To the Southwest Michigan Steelheaders for their St. Joseph River net pen operation.
- **June, 2003 - \$250 Grant** to the Michigan Charterboat Association's scholarship fund.
- **June, 2003 - \$250 Grant.** To the City of Port Sanilac for their fish cleaning station operations.
- **September, 2002 - \$250 Grant.** To the Blue Water Anglers for their Sarnia hatchery operations.
- **July, 2002 - \$250 Grant.** To the Manistee County Sport Fishing Association for their Manistee River net pen operations.
- **June, 2002 - \$250 Grant.** To the Grand Haven Steelheaders for their Grand River net pen operations.

March is Swap Meet

The March regular member meeting will feature the **annual swap meet** for members. If you have rods, reels, lures, or other tackle you don't need, turn it into cash at the meeting. If you need something, check out the tables. Show up early (doors open at 7:00 p.m.) for the best selection or to set up.

\$500 CONSERVATION SCHOLARSHIP

On behalf of your Board of Directors it gives me great pleasure to announce the formation of the Detroit Area Steelheaders Conservation Scholarship. Nearly a year ago the Board started the process of putting together a small scholarship award for some lucky high school student choosing to go into the field of conservation. Be it Conservation Officer, Wildlife Biology, Oceanography or any other career benefiting our beloved waters or woods, we now have an avenue to help out a budding conservationist.

After several re-writes to get the particular language to the entire BOD's satisfaction we now have a document that allows a high school senior to apply for and earn a \$500 scholarship to the college of their choice. There are several requirements, but let me take a moment to outline the major factors. First and foremost the candidate must be furthering his or her education in the conservation field. Secondly the applicant must be sponsored or recommended by a member of the Detroit Area Steelheaders. Third the applicant must complete and submit an application by the specified date to be considered for the scholarship.

As a conservation organization, DAS could not think of a better way to insure that our outdoor heritage remains intact than giving to a deserving student that plans to make his or her life ambition a career in conservation services. Our club has made many donations to worthwhile causes over the years. In this Director's opinion, helping a young person start down the road to a lifetime of protecting and improving our Woods, Waters, Fields and Streams is as worthy a cause as any organization could ever hope to be a part of. Respectfully Submitted, Nicholas Amicone

Time to Get Some WIRE in Your Spread?

When I was taught how to run dipseys, I learned on wire diver rigs. When I caught my first master angler fish, it was on a wire rig. When I add new dipsey rigs to my collection today, I add wire rigs. Maybe it's because all I've ever known is wire is why I don't understand the inherent fear and reluctance to try it by many anglers. I guarantee, with the right setup, and a little faith in your program, you can increase your catch with this presentation.

Why wire? I can't give you a solid answer. Many people believe the acoustic resonation of the wire passing through the water attracts fish. Many anglers use it because it will allow them to get their dipsey presentations deeper with less line out. Others attribute its success to the lack of stretch in the line. Regardless of why it works, we run it because it catches fish.

The most important element in a wire dipsey rod setup is the reel. There is zero stretch in the wire, so every pull on the end of your line is transferred back to the reel. A poor quality reel will be ruined in short order. A good quality level-wind line counter reel with a smooth, quality drag is the quintessential component in this setup. As far as a rod, I prefer a standard, semi-stiff dipsey rod with a "Twilli-Tip" on the end. Some anglers prefer roller rods, but I have encountered problems, and after catching many kings on standard rods with Twilli-Tips, I am sticking to what works for me. Although some captains are running 20lb wire, 30lb seven strand stainless is the standard. Wire is generally available in 300, 600, and

1000 foot spools. I prefer to run 1000' which fits perfectly on a 47 size Diawa reel with no backing. Add a large, high quality coastlock or duo-lock swivel to the end and you are ready to go.

I can say that in nearly a decade of running wire on my boat, I have had less problems with my wire than any other setups. I have two wire setups that are going on their 8th season exactly as they were assembled when new, with the same 1000' of wire. My current crew learned how to run dipseys with wire, and I hand the wire rods off to new crew to set out and fight fish, just as I would any other rod. Here are a few simple tips that if followed, will allow you trouble free operation of your wire rigs.

A) Leave your clicker ON! Your clicker will prevent bird nests, free spooling, and over wrapping the spool. The key with the wire is to keep everything tight. When you get the terminal end to the boat, keep some tension on it.

B) Let your dipsey out SLOW! Do not stick your rod in the rod holder and open the bail. The anglers that do this are the anglers that have problems. Open the bail and place your thumb on the spool and let it out slow. This is even more important if you are running multiple dipseys per side.

C) Use quality components. Although this is true for all aspects of salmon fishing, it is especially important with wire. Reel, Rod, Terminal Tackle, and Rod Holders, all need to be up for the abuse that the wire will dish out.

D) Fight your fish BEHIND the boat. Fighting a fish under the boat is a break off waiting to happen. If your mono line crosses the wire with a fish on, the wire is probably going to cut it. Same as with your riggers. Keep the fish behind the boat, and get it in the net once it's close. Running wire is really no different than running mono or braid for dipseys, but the fish like it, and the

fight on wire is intense. If you haven't tried it, you owe it to yourself to do so....

Jason Adam

GAS CARD Drawing

We will have a participation prize this year in our boat trolling tournaments. A gas card will be drawn randomly from skippers at the event. Two will be awarded if participation is over 14 boats.

ANOTHER "COOLER OF CHEER" RAFFLE IS HISTORY

Our annual Christmas meeting and Salmon Claus visit and the 2006 version of our "Cooler of Cheer" raffle took place on Tuesday, December 19, 2006.

The Cooler Raffle is a way for the Detroit Area Steelheaders to raise money to support various projects involving fishing on the Great Lakes and rivers in Michigan.

Congratulations to the winners and to everyone else who won other great prizes at the meeting.

Thanks to all who continue to support us by purchasing tickets for this Cooler of Cheer raffle which is one of our big club fund-raisers.

Chris Nytko
Cooler Raffle Chairman

Eighth ANNUAL SPORTSMEN'S DINNER

The Detroit Area Steelheaders will be hosting our seventh annual Sportsmen's Dinner on March 10. Mark your calendar!

The location is the American Polish Cultural Club located at 2975 E Maple Troy MI 48083

This event sells out fast. Tom Moores is the contact person for Wild Game Dinner tickets. His cell phone is 248-866-0663.

Looking Ahead To the 2007 Boat Trolling Season

We've concluded another successful, (2006), boat trolling season. The participation was down significantly this year for a lot of reasons I'm sure. I suspect the economy, fuel costs and decreasing club membership all took their toll. On the bright side, the fishing this year on Lake Michigan was one of the best in a number of years. The numbers of fish caught, especially kings were as good as ever, and the fish ran larger then they have for several years. Judging by some of the three year olds caught late this season, next year should be a good one as well.

In early December, our top skippers from the previous year met to discuss and vote on boat trolling rule changes and agree on our upcoming tournament schedule. We will continue with a total of nine tournaments with the top five finishes counting for Skipper of the Year honors. Our 2007 schedule continues to reflect the recent downturn in the Lake Huron fishery with only one tournament being held there.

This season's tournament schedule kicks off April 28th at St. Joseph/Benton Harbor. This has traditionally been a Coho fishery at this time of the year but the king salmon fishing has been fantastic in recent years. Last year limit catches were common at the weigh-in. Besides the water around the pier heads; the Cook Nuclear Power Plant, the junk cars, and the chalets to the south; and the clay banks to the north will often hold fish.

Our second stop will be the following weekend at South Haven, May 5th. This will be our second year at this port. Last year the fishing was tough but everyone really liked this port and

with it being scheduled a month earlier, we should be there at prime time.

Our next tournament will be at Grand Haven on May 19th and 20th. This is our annual two-day tournament with points from both Saturday and Sunday combined to determine the final positions. This port often provides fast action with many limit catches.

After our first three tournaments, we leave the southern part of Lake Michigan to fish the always dependable Port Austin on the weekend of June 9th, and 10th. This will be our only tournament on Lake Huron this year but this port has always come through for some very close finishes. Once again, this port will host our annual team doubles tournament on Sunday. The team doubles competition matches the first place boat from the previous day with the last place boat and so on for an always fun event.

Our annual "Special People" outing is tentatively scheduled for June 23rd this year and will be held at Toledo Beach Marina on Lake Erie. Any skippers who have volunteered their boat and time for this event will tell you that the reward of seeing the smiles on the faces of the special people is something you won't soon forget.

For our fifth tournament, we head back to Lake Michigan to fish out of the port of Manistee on July 14th. This marks the mid-point of our season. This port is a favorite with many of our captains as it often will produce some of the best catches and largest fish of the year. Three bears and the bank to the south and the green onion to Onekama to the north are some of the landmarks that you'll hear over the radio. Steelhead should also be in the mix here during this time of the year.

Next we head to Ludington for back to back tournament weekends. August 4th is our ever popular annual Ladies Day tournament. As

in recent years, the weigh-in will feature a pig roast and pot luck picnic. In this tournament, only the ladies are allowed to fight the fish while the men can set lines and perform netting duties. Ludington offers some of the most challenging conditions of any of the ports on our schedule with huge water temperature swings, under water currents and boat congestion to deal with. Make sure you get the latest information on the location of the nets in the area, load them into your GPS or chart plotter and stay clear. Some of the hot spots include three bears, the point and the bath house to the north, and the project, and Pentwater to the south. August 11th we're right back here again with our Ludington II tournament.

Our eighth and next to last stop is Manistee II on the weekend of August 25th. I told you it was a favorite with our Captains.

The 2007 tournament schedule wraps up September 8th in Frankfort. This is one of the most picturesque ports on our schedule with some fantastic scenery as seen from the water. Depending on water temperatures, the fish may be at the pier heads or out past 300 fow, but with the great structure here, you won't have to go more than a few miles from shore to catch fish.

It's not too soon to start making plans for this upcoming season. Start getting your crews lined up and make your marina and motel reservations now. Get all of your tackle maintenance chores out of the way over the winter so you'll be ready to go come spring. Don't miss out on the fun. Fishing our club events is a great way to learn new techniques, Become familiar with other ports, and make new friends. You know how they say "Remember the good old days". Well, the good old days are now.
