DAS Anglers

February 24, 2026 DAS Member Mtg

Mark Williams of the Michigan Anglers Consortium (MAC) and Jay Wesley from the SOM DNR provided their input on the need to urgently support the passage of HB 5093 being considered for passage this Spring by the Michigan House of Representatives. The Detroit Area Steelheaders have indicated our support for this bill and presented Michigan Anglers Consortium a donation of \$3,000 to aid in getting it passed. There was a great deal of information passed along as to why DNR funding needs to be restructured and how it should be accomplished.

For more on this see page Pgs 14 and 15 where Mark Williams thanks DAS for our support!

Karen and Kevin Longley hosted the salmon/trout species DAS AOTY outing today at the Lexington and Port Sanilac harbors. A few perch, a few pike, along with 1 Atlantic salmon and 3 steelhead were caught. Not too shabby! Beautiful winter Michigan day for fishing. We had lunch in the parking lot at the harbor, the tacos were delicious. All in all, a great day!

DETERMINING AOTY POINTS

- 1) PLACE AT EVENT
- 2) 50 = PARTICIPATED NO FISH
- 3) 75 = NO PARTICIPATION

Saturday 3/28/2026 Manistee Steelhead Fish-Off with Metro-West

Tippy Dam 6 AM till 2 PM

Best 1 Steelhead by Weight

**Weigh-in 3PM at Manistee River Lodge
918 Seaman Rd, Wellston, MI. 49689**

To participate, register with event Co-Ordinator Roger Paradise (586)354-1121. Register early to enable Roger to plan for the shore-lunch. Event fee \$15 includes shore lunch. \$10 optional big fish fee. If you register for the event you are automatically included in the big fish competition unless you opt-out of big fish during your registration.

The Manistee River Lodge has cabins for rent (231) 745-8844.

The port captain has a budget and needs to know how many people need to be fed. Arrangements must be made with the food vendor in advance. If you must cancel, do it as early as possible. Don't make the port captain seek you out for payment. If you have registered, attend the weigh-in. Catch or no catch. At the least, communicate with the port captain to settle registration/big-fish payment. In the event you can not attend the weigh-in, the event registration fee must still be paid. This lets the port captain know everyone is accounted for and makes the job easier.

Saturday Mar 28, 2026, Manistee Steelhead Fish-Off, Tippy Dam, 6 am-12 pm Best 1 Steelhead by wgt

Event Co-Ordinator: Roger Paradise 586 354 1121

It is important for membership to know that your club, the Detroit Area Steelheaders, support the Great Lakes Fisheries in many ways. Over the next few issues I would like to highlight some of our (your) efforts to keep our magnificent Great Lakes a source of joy and recreation for generations to come. Supporting your club supports these efforts.

LSSU/Detroit Area Steelheaders Fisheries Scholarship

In cooperation with the Lake Superior State University Foundation, the Board of Directors has established the "Detroit Area Steelheaders Fisheries Scholarship". The purpose of the scholarship is to provide financial assistance to a student majoring in the LSSU Biology, or Fisheries and Wildlife Management program, with a focus on fisheries. The scholarship is a \$1500 annual award. LSSU students may submit a letter of application to the Chair of Biological Sciences. This award does not automatically renew, however past recipients may apply.

Successful candidates

- Must be a full time student of at least Sophomore status
 - Must have a minimum 3.0 GPA, and Must be a resident of the state of Michigan
- Members of the biological sciences faculty will recommend a recipient from the applicants for final approval by the Financial Aid Office.

Detroit Area Steelheaders Scholarship

I . Amount \$1000.00 dollars (Non-Renewable) but applicant can re-apply.

II. Qualifications:

- a. Senior, currently enrolled in High School or enrolled at an accredited college, university or community college.
- b. 'B' (3.0) grade average or better in High School.
- c. Intended major/concentration in any General Studies.
- d. Relative of any Detroit Area Steelheader or sponsored by a Detroit Are Steelheader.

III. Additional Considerations:

- a. A short (one page or 500 words) essay regarding why the applicant should receive this scholarship. **(Continues on Page 11)**

b. Leadership: Involvement in any High School clubs or activities.

IV. Application Deadline: August 1st

V. Scholarship Award:

Award will be presented at the August General Membership Meeting of the Detroit Area Steelheaders. The awardee and their High School will also be notified by phone prior to the meeting. The awardee is expected to be at this meeting to accept the award (and a promotional copy of the check) and present a brief speech of acceptance.

VI. Application Procedure:

Fill out the online application form (see downloads below) and e-mail to rk-das@detroitsteelheaders.com by the above deadline. If the applicant cannot email the application and/or has other key material they wish the Scholarship Committee to review, please contact the Scholarship Committee at the e-mail address listed above.

VII. Payment:

Payment will be made by check to the college of the applicant's choice upon submission of documentation verifying passing grades for the semester/term in college and a tuition or book receipt.

VIII. Conditional:

a. The Detroit Area Steelheaders reserve the right to award the scholarship to another qualified alternate upon presentation of their passing grades and a tuition or book receipt, if the original awarded applicant does not use the scholarship or does not meet other qualifications for the award. The alternate will be selected and contacted by the Detroit Area Steelheaders Scholarship Committee.

b. Awarding of this check is at the sole discretion of the Detroit Area Steelheaders Scholarship Committee.

Supporting your Detroit Area Fishing Club Allows these efforts to continue!!!!

Wearing DAS Apparel is a great way to identify our membership with the club, show our pride in our organization, advertise the organization and increase membership. DAS Apparel can be purchased in 2 ways as outlined below. I encourage everyone to purchase your DAS Apparel ASAP to represent our great club!

I. DAS Pop Up Store: Available Items:

Sweatshirts - \$25.00 -T Shirts \$20.00-Caps \$20.00-Winter Beanies \$20.00-Clip on Towels \$20.00

1. **BASS PRO SHOP: Go to - Basspro.com**
2. **Scroll to the bottom of the home page until you see "RESOURCES" click "BUSINESS SALES"**
3. **Click "VIEW PRODUCTS"**
4. **Select the item that you want to buy and record the SKU number**
5. **Select the DAS Logo that you want placed on the item.**
6. **Call the Bass Pro Business Order Line at (417) 873-5818 or 800-243-6626, option #1 and place your order.**

Monday-Friday 7:00 AM- 6:00 PM CST

Reference the DAS Account Number to ensure you receive your discount

DAS Account Number 118597741

Summary: to place your order you will need:

SKU Number, Your Size, The Logo Number, The DAS Acct #

DAS Approved Logo Numbers

Left Side Chest heat transfer logo - 30046893

Back of shirt heat transfer logo - 30046892

Back of shirt/jacket embroidery logo – 30046891

There is a lot of work that goes into planning and executing any DAS Club outing. It starts with the board of directors laying out the annual plan and passing the plan down to the appropriate committee to turn the plan into action. The Skipper of the Year Committee and the Angler of the Year Committee set up meetings where schedules are decided upon regarding what ports we should visit and what dates are good for each port. It can get complicated and prior year results are considered before a schedule is decided upon.

Once a schedule is published (SOTY-AOTY) a whole new plan must be made up where port captains for each port are solicited. This is the part I want to bring to the attention of membership because we all need to do our part to help this club be all we can be. As John Wooden said, "Nothing happens until we all make it happen. The port captain basically runs the outing. Outing registration, fee collection, start/stop times, fish calls, weather boats, member safety, post event weigh-in, record keeping, pictures, and shore lunch all fall to the port captain. The point I'm trying to make is, its not an easy job.

Fortunately, the port captains we have are up to the task and we are glad to have them. But members can make their job easier. Register as early as possible for any event. The port captain has a budget and needs to know how many people need to be fed. Arrangements must be made with the food vendor in advance. If you must cancel, do it as early as possible. Don't make the port captain seek you out for payment. If you have registered, attend the weigh-in. Catch or no catch. At the least, communicate with the port captain to settle registration/big-fish payment. In the event you can not attend the weigh-in, the event registration fee must still be paid. This lets the port captain know everyone is accounted for and makes the job easier.

A Heartfelt Thank You to the Detroit Area Steelheaders

Celebrating Generosity and Leadership Within Michigan's Angling Community

The Michigan Anglers Consortium (MAC) wishes to extend a huge thank you to the Detroit Area Steelheaders for their generous gift of support totaling \$3,000. This contribution will greatly enhance our efforts to protect, promote, and strengthen fishing throughout Michigan, supporting initiatives that benefit anglers across rivers, inland lakes, and the Great Lakes.

Michigan's fishing community is as diverse as its waters—rivers, inland lakes, and the Great Lakes all support unique traditions, challenges, and opportunities. The **Michigan Anglers Consortium (MAC)** has been formed to bring these voices together under one unified organization dedicated to protecting, promoting, and strengthening fishing across the state.

MAC's mission is simple but powerful: to support the Michigan Department of Natural Resources (DNR) and the State Legislature by fostering open communication, ensuring broad stakeholder engagement, and advocating for policies that benefit all anglers. By uniting individuals, fishing clubs, charter captains, and fishing-related businesses, MAC ensures that every sector of Michigan's angling community has an equal seat at the table.

What MAC Does

The Consortium serves as a collective voice for anglers in legislative and regulatory matters, helping decision-makers understand the real-world impacts of policies on fisheries and fishing opportunities.

MAC promotes collaboration between rivers, inland lake, and Great Lakes anglers, ensuring that no single sector speaks alone or is left unheard.

Education and outreach are also central to MAC's mission. Through events, community engagement, and regular updates, members stay informed and involved in issues that affect Michigan's aquatic resources and angling traditions.

To ensure Michigan anglers have a respected and professional presence in Lansing, MAC engages a contracted lobbying firm to monitor legislation, build relationships with lawmakers, and pursue proactive initiatives aligned with the Consortium's mission.

This approach combines grassroots input from members with expert representation, strengthening anglers' influence where it matters most.

Looking Ahead

MAC is envisioned as a long-term partner to the DNR, legislators, and advisory committees, while remaining firmly grounded in the angling community it represents. By working together, Michigan anglers can protect fisheries, promote sustainable practices, and preserve the state's fishing heritage for generations to come.

Together, we are stronger. Together, we are MAC.

The generous gift from the Detroit Area Steelheaders is a building block of the Michigan Anglers Consortium, laying the foundation for future success. However, it will ultimately be your voice—when you are called to action to email or call your legislators—that will help us secure the passage of HB 5093 and other important fisheries bills and legislation. Your engagement is essential to making a real impact for Michigan's angling future.

Together, we are stronger. Together, we are Michigan Anglers Consortium!

Mark Williams, Executive Director

HB 5093 is the solution to the Michigan Fisheries Funding Problem, to ensure that Michigan's **4 BILLION DOLLAR SPORT FISHING INDUSTRY** remains WORLD CLASS. Supporters total well over 100, ALL OF MICHIGAN has Input and signed on to 5093, with an immense cross section of diversity of **Statewide Conservation Organizations, Local Fishing Groups, Retailers, Manufactures, Restaurants, Breweries, Wineries, Media, Real Estate and Regional Economic Development Groups.**

\$2 increase from \$26 to \$28 dollars for a base fishing license is **going back to 2013 pricing.** This modest adjustment helps offset inflation-driven program and maintenance cuts within the DNR Fisheries Division, ensuring continued delivery of core fisheries services. Fisheries have not had an increase since 1997.

\$5 Hatchery Stamp gives a dedicated revenue stream to Michigan's valued Hatchery Program that is in dire need of an economic upgrade of over \$50 million just to bring them up to par. Required when targeting hatchery produced fish. Anglers see an immediate benefit when purchasing the Hatchery Stamp, with the removal of the rod limit when trolling on the Great Lakes

Increased Allocation of Fishing License Revenue to the DNR Fisheries Division

This provision helps restore the \$33 million senior license backfill required by statute following the 2013 fishing license changes. Stakeholders strongly support directing FISHERIES LICENSE REVENUE directly to Fisheries. 100% for 5 years to recover the shortfall. Cost of doing business will be paid from Fisheries to Fish & Game Fund. Provides an allocation guide rails with an 80% floor of Fisheries revenue so funding cannot be reduced but can be adjust upward if needed.

Senior License Adjustment

No private-sector business or public program offers a permanent 60% senior discount without a dedicated funding source. A modest adjustment is necessary because the Legislature has never appropriated the \$33 million senior license backfill required by statute following the 2013 legislation that established the discount. Systematically adjust the senior license from \$11 dollars up to within 20% of a license, gradually over time.

Youth License Provision

Studies show a Youth License helps retain anglers. It would only be required for a Youth to KEEP their limit. Youth could still fish for free, but their catch would be applied to their parent or guardian bag limit, like other states. Reduce the age requirement from 17 to 16 for an adult license.

Dingell–Johnson Act - Anglers pay a federal excise tax on fishing equipment and tackle, which is returned to states through the Dingell–Johnson Act. For every youth license sold, Michigan receives \$8–\$11 in federal funding—funds that would otherwise be allocated to other states. A Youth License allows us to maximize federal matching dollars.

Cost-of-Living Adjustment (COLA) Mechanism with FOC Oversight

Setup as a tool, this provision prevents inflation from eroding investments in fish stocking, fisheries infrastructure, data collection, and science-based management. It ensures Michigan maintains healthy, world-class fisheries for future generations. Incorporates the ability to make license adjustments with limits & oversight.

Fisheries Oversight Committee (FOC) Establishes a Fisheries Oversight Committee, made up of Stakeholders, charged with the responsibility to oversee all of Fishery's budgets, projects and functions, while communicating with the DNR Director, and reporting to the Legislature. The FOC will be approved by the Legislature. It enhances transparency and accountability by ensuring that additional revenues generated by this bill are used solely to improve fishing opportunities in Michigan, further strengthening stakeholder confidence and support.

HB 5093 is ANGLER DEVELOPED, DRIVEN, FUNDED AND SUPPORTED, as a business solution that fixes the funding problem for Michigan's World Class Fishery for Generations to come.
