### Warren County Park District to Host Virtual Open House for Strategic Plan Input

**Warren County, OH** – Warren County Park District invites residents to participate in a **Virtual Open House** as part of the development of its new **Strategic Plan**. Community members are encouraged to review the plan and share their feedback online at [www.warrencountyparks.com](http://www.warrencountyparks.com).

The Virtual Open House is designed to make participation easy and accessible for residents throughout the county. Participants will find an overview of the proposed Strategic Plan, which outlines the Park District's long-term vision, goals, and priorities for enhancing park facilities, programs, natural resource conservation, and community engagement. The public will have the opportunity to submit comments and suggestions directly through the site.

"We want this plan to reflect the values and priorities of the people we serve," said **Matt Latham**, CEO of the Warren County Park District. "The Virtual Open House allows anyone—no matter their schedule or location—to be part of shaping the future of parks and green space in Warren County."

Five additional in-person open houses were held last month around Warren County. Feedback collected during that process and through the Virtual Open House will be used to refine the Strategic Plan before it is finalized in June 2025.

The Virtual Open House will be available through **May 1, 2025**. All residents, stakeholders, and park users are encouraged to participate and help guide the future of Warren County Park District.

**About Warren County Park District** – Warren County Park District is a county-wide park and green space provider, managing 1,716 acres in 12 parks across the County including its flagship parks, Armco and Landen-Deerfield.
