### Exciting Opportunities for Community Input: Informal Open Houses for Park District Strategic Plan

*Warren County, Ohio – March 5, 2025* – The Warren County Park District is excited to announce a series of informal open houses during which residents can directly engage with park district staff, board members, and planners to help shape the future of our parks and recreational spaces. These open houses are part of the development of a comprehensive Strategic Plan, and we invite all community members to stop by, share their ideas, and get involved in creating a vibrant future for our parks!

A total of five open houses will be held at various locations throughout the county, ensuring accessibility for all residents. You can drop in at any time during one of the scheduled events to participate in one-on-one conversations, ask questions, and share your thoughts on the park district's direction. If you are passionate about parks, trails, and green space, this is your chance to make your voice heard in a welcoming, casual setting.
