“OG Cypherpirate Captain Nakamoto” Artpiece

Note: Not final artpiece design

The historic Bitcoin Treasure Expedition™ will be funded by sales of the Satoshi artpiece to supporters who believe in “recovery and re-distribution of bitcoins, the same as gold treasure is recovered from sunken ships in ocean waters, not controlled by any state, nation or government”.

95% of all expedition proceeds generated will be gifted away to supportors, contributors, advisors, observers and non-profit organizations selected thru consensus voting.

“Bitcoin Treasure Expedition” is a trademark of QMTLabs, Inc.

Supporters will also receive digital collectible airdrops
