Chapter 6: The Exit – The Nakamoto is the most hunted and celebrated ship on the digital seas, but tragedy strikes the two-man pirate ship crew from within. Hal is slowly losing the physical strength to tend the furnace or climb the rigging. Meanwhile, Len is fighting a dark, exhausting battle with depression. Before exiting, Satoshi Nakamoto entered the last statement into the Captain's log: **"I've moved on to other things. It's in good hands..."**
