The Process of Leadership

- ▶ **Purpose:** an unchanging reason for being.
- ▶ **Conviction:** having faith in things not seen based on evidence.
- ▶ **Vision:** the ability to think about or plan the future with wisdom.
- ▶ **Passion:** a zeal and dedication to work heartily for the kingdom.
- ▶ **Inspiration:** a divine-human encounter whereby God reveals truth.
- ▶ **Influence:** the ability to affect others or events; the experience of being affected by someone or something else.
- ▶ **Leadership:** a way of serving others and influencing them to follow Jesus with selflessness, sacrifice, and service through God-given capacity and biblical principles.

THE PROCESS OF LEADERSHIP

- ▶ Biblical leadership is not about position, privilege, or power, but about personal and biblical understanding.
