MISSION

Making disciples of all nations

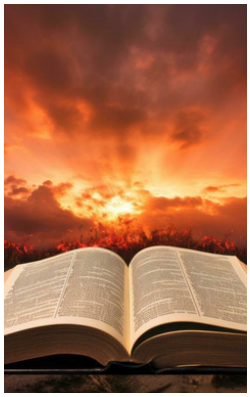

Cross cultural focus
Evangelism and church planting
Long-term commitment
Biblical foundation

OUTREACH

Local expression of Christian Love

Acts of service
Evangelism through relationships
Inclusive of believers & seekers

SCRIPTURE HIGHLIGHTS:

Isaiah 43:19; *"See, I am doing a new thing! Now it springs up, do you not perceive it? I am making a way in the wilderness and streams in the wasteland."*

Matthew 25:37 + 40; *" (pp) Lord when did we see you thirsty and give you drink? (Jesus) I tell you the truth, when you did it to one of the least of these you did it for me."*

MINISTRY LEAD'S COMMENTS (JACK ROBINSON):

Have you ever questioned the truth that God is not only involved in everything in the lives of his chosen, but in His Providence, he is actually in control?

Starting in the 80's, there was a group of Christians that went on Mission in Uganda. The Lord placed a burden on their hearts for the people there. They created Christian Equatorial Economic Development (CEED) and started by planting a 15 acre coffee bean plantation and hiring Ugandans to farm it. All the profits were used to purchase a well pounder and to hire and train Ugandans to operate it. At the same time, CEED was growing its ministry support though the networking of donors and churches to the point that they were able to purchase more and better drilling equipment. As of 2025 CEED had drilled over 1,000 fresh water wells in villages in Uganda. They are now spreading their wells and ministry to neighboring Kenya and Tanzania.

Thank you MVC for personally supporting this worthwhile Christian Mission. This year's kick-off is September 20th and the campaign ends on November 1st. Cost for one well to service an entire village is $5,500.

MISSION

603 United offers social inclusion activities for adults age 18 and above, both with and without intellectual disabilities. They are dedicated to creating an inclusive community, fostering healthy relationships and lifestyles that extend beyond their program.

This is the story of Joe. He is autistic and moved to NH a couple of years ago with his parents. He is physically able, but struggles with many social situations which can lead to being isolated. However, he likes to be around other people and to get out of the house.

Schools, local governments, and non-profits often have programs and activities for children with disabilities, but they are then left on their own once they become adults. Joe and his family were introduced to 603 United where he found a community of other adults (each with their own challenges) where he was accepted for who he is. He looks forward to going to this program regularly to see others, work on puzzles, watch movies and occasionally sing a song. He is one of many who have found community with each other in a world in which they are often invisible and alone. God is workiing through the many leaders and volunteers that work there to help all of his children find love.

HOW CAN YOU HELP?

- Join events and show your support
- Share a skill
- Promote inclusion
- Financial support

MISSION: HELPING HAITIANS HELP THEMSELVES

The needs in Haiti are extraordinary. Food, clean water, basic building infrastructure, and accessible medical care are scarce. Quality education is virtually nonexistent. But the greatest need of the Haitian people is encouragement for the believers there and the need to share the Gospel with those who have never heard. Since the pandemic, there has been a dramatic decrease in visiting Americans to the country of Haiti, the Lord has moved us on from hosting large teams to some new exciting initiatives. After 10 years of ministry in Haiti, Deep River Mission has begun implementing ways to come along side of select Haitians to mentor and equip them with life skills and vocations. We now have an on site auto shop to teach one on one, and we serve several schools in the area providing teacher support and after school help, Also, we now support a Haitian run medical clinic right in our neighborhood, further reaching those in need in our community. Our community center continues to be a great place to gather on the playground or the basketball court. It is a busy place everyday.

AUTOMECHANICS:

DRM now has an auto body shop complete with a hydraulic lift. Anyot, our Haitian friend for a few years, has been doing on the job training with Michael to repair the cars of other mission organizations around Cap Haitien. It is our desire that Anyot will develop a sustainable lifelong skill so he will be able to support himself and his family.

In a country where most people have given up on hope, Anyot has found hope in God and that he can help others by repairing equipment for the mission and the neighboring community.

MISSION

We are a Christ-centered ministry in association with churches throughout Vermont and New Hampshire. We provide resources and support to equip churches and pastors to carry out the Great Commission.

Spotlight on their LifeTree program which is a church-rooted pathway for ministry preparation. People from all walks of life and a wide range of church experience engage in academic learning, leadership skills development, and spiritual formation. The goal is to cultivate men and women to answer the call of Christ, serving the church of Jesus Christ within the American Baptist Region of Vermont and New Hampshire. LifeTree School of Ministry is certificate level program for Christian leadership formation through academic study (content), mentoring relationships (character), and ministry practice (craft.) This was created to help address the need for additional Christian Leaders in VT and NH.

HOW CAN YOU HELP?

- Provide support and encouragement to your local pastor
- Share the news about Lifetree with those who might be interested in exploring becoming a pastor and remaining in the region.
